#### **Innovation Bootcamp Frequently Asked Questions**

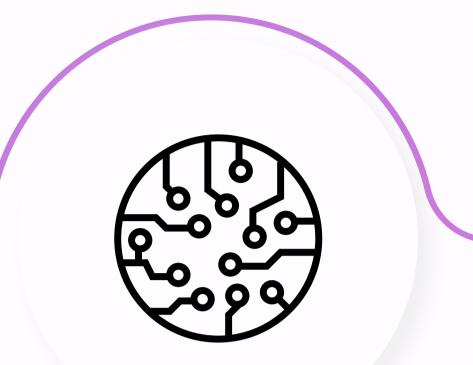

#### Q1. What kind of business idea do I need to have?

We're interested in businesses that have both innovation and sustainability at their core

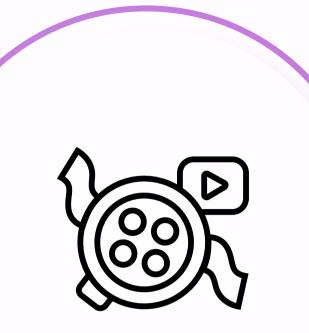

### Q2. Do I need to have a company already?

No, we encourage you to set up a company through our support

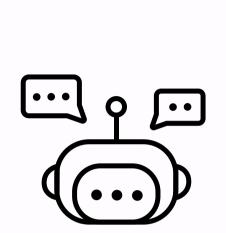

### Q3. How many people can be in a team? Are teams allowed?

We encourage teams, startups can have several founders. It will need to be clear in your application who is involved in the business.

### Q4. Do I need to have a business to attend the event?

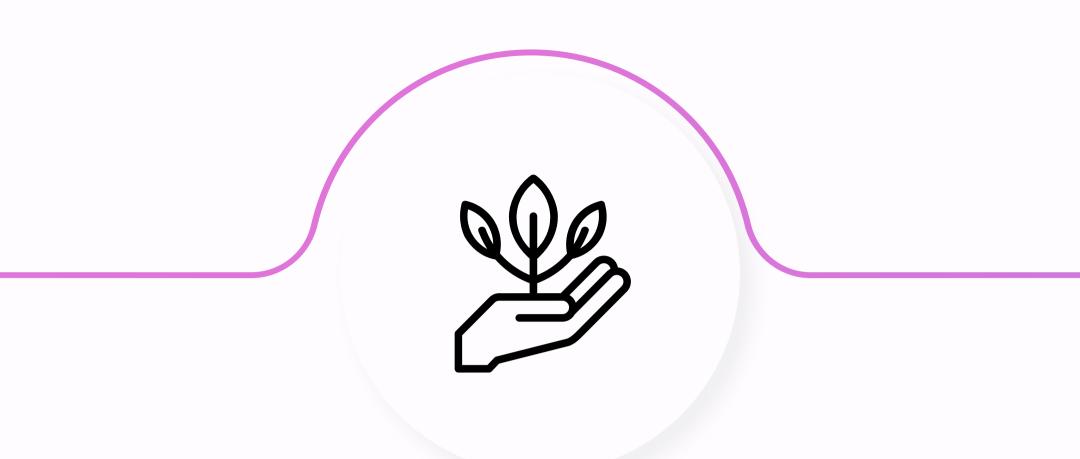

The bootcamp is an open public event. We highly encourage students and faculty to join us in-person and to indicate their attendance through the <u>RSVP form</u>.

#### Q5. I don't understand the event, why should I attend?

This bootcamp is a major event in the student calendar. GBS Hub will showcase applicants' business ideas. Finalists and attending public will have the opportunity to connect with industry experts, hear talks from notable speakers, and meet our judges.

This is a good preview for current students who might be interested in participating in a similar event in the future, and a great support for kickstarting your career. Lunch will be served.

#### Q6. How do I show support?

The competition is open to all current students. Spreading the word about the event to your colleagues and classmates is greatly appreciated. We look forward to seeing you at the Bootcamp!!

## Q7. What type of committment is required from finalists and winners?

Finalists will present a 10-minute business pitch on the 10th of October to our panel of judges.

Being a founder can be intense, it depends on how quickly you want your business to grow. If you win a prize in the competition, your company will be supported through GBS Research & Innovation Hub.
