Nicola O'Neill, ACCA

My name is Nicola O'Neill. I am a past student of Griffith College and advanced my career to my current role of Finance Director within the financial services sector. While at Griffith I studied ACCA and continued on to be a chartered certified accountant. My experience in finance spans a period of over 20 years. From multinationals to SMEs and across various industries, FMCG, not-for-profit, manufacturing and financial services. I have gained vast experience in applying accounting principles into operations and procedures within the workplace. Understanding the IT systems, we use as accountants is paramount to verification of figures and I have ensured this is the corner stone to all reporting.
