An example of Academic Study Form

### **Should I choose modules from one faculty only?**

Students are permitted to choose modules across different faculties, subject to the approval of their home institution. They can only choose modules which appear in this **Course Listings** document.

### **I have already submitted my Academic Study Form to the Academic Administration Office, but I would like to change my module/modules. Can I do that?**

Once a student submits their **Academic Study Form** to the Academic Administration Office, they **cannot** change their modules.

### **How many modules can I choose if I am a Semester Abroad/Study Abroad Programme student?**

Students can choose modules up to a **maximum** of **30 ECTS** credits per semester.

For students who are not native English speakers, the number of modules depends on the students' **English language level**.

Please see below how a given level of English corresponds to the number of modules that Gap Programme students can take:

Griffith College Placement Test	Number of modules per semester
B2+/C1/C2	4 modules
B2-	2 modules + 15 hours of English language
A0 – B1+	English language only

#### **Study Abroad/Semester Abroad Students - Letter from home institution**

Study Abroad/Semester Abroad Students with an English level of **B2 or above, as verified by a letter from their home institution**, are permitted to study **four** modules in Griffith College.

#### **Study Abroad/Semester Abroad Students - Griffith College Placement test**

Students can take Griffith College's English language test prior to commencement of the semester to assess their level of English.

### **How many modules should I choose per semester?**

Students normally select up to 4 or 5 modules per semester, totalling an equivalent of 30 ECTS credits. This is subject to their level of English as stated above.
