Introduction from the President

Professor Diarmuid Hegarty

I am delighted to introduce you to Griffith College. In choosing Griffith College, you are joining a community of over 7,000 students at our campuses in Dublin, Cork and Limerick, and an alumni network of more than 35,000 graduates who over the past four decades have gone on to achieve notable careers both nationally and internationally.

Ó bunaíodh an Coláiste, bhí an tacaíocht bhfoireann teagaisc do na mic léinn le sonrú i gcónaí. Pé athraithe a chuirfear i bhfeidhm sna blianta romhainn, beidh an culture fáilteach céanna i réim chun na mic léinn a spreagadh chun barr feabhais a bhaint amach.

In the coming decades, our graduates can expect to have up to 15 different jobs over the course of their working lives. To succeed in the modern economy, they will need a detailed knowledge of their discipline and a set of transferable skills that will allow them respond to changes in the employment market.

At Griffith College, our lecturers are noted for their industry experience and we are committed to ensuring our learners are employer-ready and possess lifelong, soft skills.

We take pride in providing Irish and International students with opportunities to develop broader life-skills and a network that will stand to them throughout their lives. With small class sizes and mentoring provided by the college's academic and pastoral care teams, our lecturers will give you the skills you need to succeed in life and in your chosen field of study.

It is this commitment to a well-rounded education that has stood our students and graduates in such good stead over the past 45 years. I look forward to welcoming you on campus.

Prof Diarmuid Hegarty
President

Griffith College

Griffith College Dublin

Established in 1974, Griffith College is Ireland's largest independent third-level institution.

Griffith's Dublin campus offers full, part-time and blended learning courses at undergraduate and postgraduate level, as well as professional and short courses.

The campus, based on South Circular Road in thriving Dublin 8, is very handily located for all students. It's a 20-minute walk into St Stephen's Green and ten minutes away from Camden Street and Wexford Street.

Email: admissions@griffith.ie

Web: www.griffith.ie

The buildings have a rich history dating back over 200 years. This historical backdrop sits alongside cutting-edge technology for the College's learners. That blend of old and new, Irish students and international, undergraduate and postgraduate learners gives our Dublin campus an energy that is unmatched.

At Griffith College, we pride ourselves on providing a supportive and mentoring environment that allows our students to achieve their best potential. Our lecturers consistently go the extra mile for our students. That's the Griffith way.

In 2008, in order to provide a full and flexible service to students of the greater Dublin area, Griffith College started running ACCA classes in Dublin City Centre.

With time, the classes expanded to include IATI and the Honours BA in Accounting and Finance.

In 2018 Griffith College opened a modern teaching facility, Griffith College City Centre, at 25 Wolfe Tone Street, Dublin 1.

Griffith College City Centre is located beside the busiest shopping area of Dublin with Arnotts and Debenhams nearby.

It is easily accessible by public transport with the nearby red and green Luas lines, and all the buses that serve O'Connell Street and the Quays along the River Liffey. Dublinbikes is also on our doorstep.

Web: www.griffith.ie

Griffith College was first established in Cork in 1998 with the School of Professional Accountancy.

In June 2005, Griffith College Cork merged with Skerry's College. Skerry's College had been at the forefront of education in Cork since 1884.

Griffith College Cork runs a variety of both full-time and part-time, undergraduate, postgraduate and Masters programmes in Law, Business, Journalism, Computing Science and Pharmaceutical Business Management as well as professional programmes in Law and Accountancy.

Griffith College Cork is strongly committed to the creation of a positive learning environment. This relaxed and productive atmosphere is achieved by developing a strong pastoral care ethos, evidenced by the open-door policy of lecturers, the operation of all lectures on a first-name basis, the provision of both written and oral feedback on formal and informal assignments, and the close, friendly working relationship between students and staff, all of which are based on a spirit of trust and collaboration.

Griffith College Limerick

In September 2006 Griffith College acquired the Mid West Business Institute (MWBI) and became Griffith College Limerick. The new entity carried forward the proud traditions and reputations of both institutions, which were founded in 1974 and 1988 respectively.

The Limerick campus provides a wide range of full-time, part-time and blended learning programmes from its state-of-the-art facility. Internationally recognised qualifications ranging from Level 6 to Level 9 on the Irish Framework of Qualifications (NFQ) are available in Accountancy, Business, Computing, Engineering and Hospitality, through its validating partners; QQI, ACCA, Heriot-Watt University, BTEC, and ICM.

At the Limerick campus students can expect smaller class sizes and individual attention from both lecturers and staff, in a student-focused, reassuring learning environment. Students receive support and encouragement in their academic studies, pastoral care and work preparation. The over-arching goal is that all students would reach their full potential and be ready to take up employment in their chosen field.

I really enjoy the sense of family and friendship here at Griffith! Although Griffith is a smaller college, you won't find this experience anywhere else.

Marrisa Laves
BA (Hons) in International Hospitality Management

I loved my experience at Griffith for many reasons; making friends from a variety of cultures and backgrounds, knowing that I could always count on the lecturers and staff for every doubt or concern, but also the feeling of being in a building full of so much history. It was an amazing year and I'm glad I made it to the end!

Raquelline Curvelo
MSc Applied Digital Media

Our Validating Partners

Griffith College works in partnership with a number of validating bodies in Ireland and the UK. This ensures that all programmes are recognised nationally and internationally.

QQI

Quality and Qualifications Ireland (QQI) was established on 6 November 2012 under the Qualifications and Quality Assurance (Education and Training) Act 2012. The Authority was created by an amalgamation of existing bodies including the Higher Education and Training Awards Council (HETAC), the Further Education and Training Awards Council (FETAC), the Irish Universities Quality Board (IUQB) and the National Qualifications Authority of Ireland (NQAI).

The international status and value of a QQI qualification is assured as the demand for graduates continues to grow at home and abroad. Griffith College undergraduate programmes are validated by QQI and as such are subject to QQI quality assurance checks on a regular basis. This ensures our programmes are up to date by industry and educational standards.

BTEC

BTEC is recognised internationally as providing learners with the key concepts and practical skills for direct progression to employment and further studies.

BTECs are all about learning by doing and that means BTEC students put what they learn into practice straight away.

Heriot Watt Edinburgh Business School

Edinburgh Business School are the Graduate School of Business of Heriot-Watt University, a leading British University accredited by Royal Charter. Edinburgh Business School have been helping working professionals become business leaders for over 25 years, offering high-quality and accessible postgraduate programmes in business.

Institute of Commercial Management: ICM

As a leading professional body for commercial and business development staff, ICM provides a wide range of professional qualifications in business, management, and related vocational areas.

Institute of Commercial Management)

As a leading professional body for commercial and business development staff, ICM provides a wide range of professional qualifications in business, management, and related vocational areas.

City & Guilds

At City & Guilds we believe in the power of skills to build successful careers, businesses, and economies. The Group's purpose is the same today as it was 140 years ago - to help people, organisations and economies develop their skills for growth.

Entry Requirements

These pages highlight key information points about academic requirements set by our validating partners for both undergraduate and postgraduate programmes.

Postgraduate Programmes

Please review the entry requirements for each postgraduate programme on their relevant course web pages. Please visit www.griffith.ie/find-a-course.

Language Requirements

All undergraduate degree programmes require a pass in either English, Irish or a modern language.

Entry Requirements	Old Leaving Certificate (Pre 2017)	New Leaving Certificate Common Points Scale	A Level /GCSE FETAC	FETAC
Level 8 Honours Degree	Min. 2 HC3's & 4OD3s (some programmes will require OD3 in Maths.)	Min. 2 H5s and 4 O6/H7s (some programmes will require O6 in Maths.)	Min. of 2 Grade C A levels & 4 subjects from either A levels (Grades A-E) or GCSE (Grades A, B or C).	Level 5 Full Award with 3 distinctions
Level 7 Degree	Min. 5 OD3s (some programmes will require OD3 in Maths.)	Min. 5O6/H7s (some programmes will require O6 in Maths.)	Min. of 1 Grade E A Level & 4 subjects from either A levels (Grades A-E) or GCSE (Grades A, B or C).	Level 5 Full Award
Level 6 Higher Certificate	Min. 5 OD3s (some programmes will require OD3 in Maths.)	Min. 5O6/H7s (some programmes will require O6 in Maths.)		Level 5 Full Award

The following pages detail how to apply for courses offered at Griffith College Dublin. They provide guidelines for CAO and Direct Entry applicants.

New 2017 Common Points Scale

In 2017, the Irish universities, Institutes of Technology and all other colleges which accept applications through the CAO introduced a revised Common Points Scale.

Direct Entry Courses

Griffith College Dublin also offers a large number of courses in each faculty that may not appear on the CAO system. Applications to these courses can be made directly to the GCD Admissions Office or via our website: www.griffith.ie/apply.

Leaving Certificate Points	Higher	Ordinary
H1/01	100	56
H2/02	88	46
H3/03	77	37
H4/04	66	28
H5/05	56	20
H6/06	46	12
H7/07	37	0
H8/08	0	0

LCVP Link Modules

Distinction = 66 , Merit = 46, Pass = 28

- 25 bonus points will be added to the points score for Leaving Certificate Higher Level mathematics, at grades H6 or above.

CAO Applications

Students under the age of 23, on January 1st of the year of entry, who wish to apply to the first year of any QQI validated undergraduate full-time programme, must make that application through the CAO system. The closing date for applications for EU citizens is February 1st, with late applications being accepted until May 1st. Up to July 1st, students may also fill out a CAO 'Change of Mind' form. Application forms and copies of the current handbook are available from the GCD Admissions Office or from the CAO directly.

More detailed information regarding CAO deadlines and the CAO application process can be obtained by visiting www.cao.ie.

Selection of CAO Applicants

Selection is made on the basis of the total points awarded in a student's top six subjects, in a single sitting of the Leaving Certificate. The results of two sittings of the Leaving Certificate may be combined for the purposes of meeting the programme requirements for minimum entry. Please note that not all students presenting the minimum entry requirements will be guaranteed a place at the College. Please consult individual course descriptions in this prospectus for the most recent CAO points.

UK & Northern Ireland: Applicants

A-Level	A/S Level
A* 180	
A 150	A 60
B 130	B 55
C 100	C 40
D 65	D 25
E 45	E 20

- 25 bonus points will be added to the points score for A Level mathematics, pure mathematics and further mathematics.

Application Process

Leaving Certificate Vocational Programme (LCVP)

Holders of the Leaving Certificate Vocational Programme apply in the normal way through the CAO system. Points are awarded on the same basis as the Leaving Certificate. The Link Modules are considered as a single unit and are awarded points based on the result per unit. The Link Modules can be used as a sixth subject for points calculations only.

Leaving Certificate Applied Programme (LCAP)

The College does not recognise LCA subjects as meeting its minimum entry requirements. If combined with a Grade 5 FETAC Award, applicants may apply for a higher certificate or degree course in the College.

FETAC/NCVA links to academic programmes at Griffith College

Griffith College welcomes applications from students who hold a full FETAC Level 5 Award which normally contains eight modules. A full award may be accumulated over more than one academic year. In such cases, it is the responsibility of the student to apply to FETAC for a full award where the modules are taken over more than one year. Please note that a record of achievement does not meet the minimum entry requirements.

- To be eligible for consideration for an Honours Degree programme, the applicant must hold a FETAC Level 5 certificate with a distinction grade in at least three modules.
- To be eligible for consideration for an Ordinary Degree or Higher Certificate programme, students are required to hold a FETAC Level 5 Award.

FETAC Application Process

Applications must be made through the CAO for those courses offered through the CAO. For direct entry programmes, applicants must send a completed direct entry application form to the College. For more information on this access route please contact the Admissions Office on +353 1 415 0400 or email admissions@griffith.ie.

Direct Entry Courses (including full-time, part-time and postgraduate)

Applicants for all Griffith College direct entry courses are required to meet the minimum entry requirements as indicated in the individual course descriptions in this prospectus. Mature applicants for any full or part-time undergraduate programme are required to supply photographic identification and evidence of date of birth. Applications for all direct entry programmes (undergraduate, postgraduate, part-time/evening time) must be made on the website www.griffith.ie/apply and relevant* supporting documentation can be emailed to admissions@griffith.ie or posted to: **The Admissions Office, Griffith College Dublin, South Circular Road, Dublin 8.**

* All applications for direct entry to undergraduate programmes should include a copy of official Leaving Certificate results with the exception of mature applicants (who must supply evidence of date of birth).

All applicants for postgraduate programmes should include an official copy of third level qualifications.

Accreditation of Prior Learning and prior experience (APL/APEL)

Griffith College welcomes applications from those with prior academic and/or professional learning experience relevant to the programme of their choice. Please contact the Admissions Office for more information on the policies regarding the accreditation of prior learning and experience (APL/APEL).

Transfer Applications

The College welcomes applications from students holding qualifications from other accredited institutions and universities. Depending on the nature and duration of their studies, such students may be eligible to join the second or third year of the College's QQI Ordinary and Honours Degree programmes.

Mature Applications for Undergraduate Courses Griffith College Dublin welcomes applications from mature applicants.

Applicants interested in applying for a programme as a mature student should contact the Admissions Office for more details and applicants should apply directly online at www.griffith.ie/apply.

Transfer to Year 2 of an Honours degree programme

- Students holding a relevant QQI Higher Certificate (NFQ Level 6) may qualify for exemption from all or part of the first year of a relevant Honours Degree programme.
- Students holding a relevant Higher National Diploma (HND) may qualify for exemption from all or part of the first year of a relevant Honours Degree programme.

Transfer to Year 3 of an Ordinary degree programme

- Students holding a relevant QQI Higher Certificate (NFQ Level 6) may qualify for exemption from all or part of the second year of a relevant Honours Degree programme.
- Students holding a relevant Higher National Diploma (HND) may qualify for exemption from all or part of the second year of a relevant Ordinary Degree programme.

Transfer to Year 3 of an Honours degree programme

- Students holding a relevant QQI Ordinary Degree (NFQ Level 7) may qualify for exemption from all or part of the second year of a relevant Honours Degree programme. Students who wish to transfer to Griffith College should complete an application form online www.griffith.ie/apply, and email a photocopy of their existing subject results and a full programme syllabus to admissions@griffith.ie.

The Admissions Office will have a decision regarding transfer applications within ten working days or by the closing date of August 31st.

Other points to consider when applying

Griffith College Scholarship Scheme Established in 2001, the Griffith College Scholarship Scheme is designed for students who wish to enter a programme of study at the College but are unable to do so due to financial constraints or social circumstances. The scheme is open to students interested in applying for our full-time undergraduate programmes and who are presently attending an approved second level institution. It is envisaged that students who would not otherwise have access to the programme of their choice at Griffith College Dublin could do so under this initiative.

Application forms and details can be obtained from your school or from the Admissions Office at Griffith College Dublin. The closing date for applications is April 30th each year and a decision will be made by May 31st regarding successful applications. In 2008, the scholarship scheme was extended to include one scholarship for a FETAC student.

Students with Disabilities and Special Needs

Applicants with disabilities and special needs wishing to pursue an academic programme at the College, are recommended to contact the College in writing with details of the nature and extent of your disability. This will allow us to give you the best advice prior to application. Applicants will be given ample opportunity to advise the College of any specific requirements and can be assured that this disclosure will not adversely affect their application or legal rights in any way.

Tax Relief

Most programmes of two or more years' duration have been approved for tax relief. Applicants should note that the qualifying conditions for relief may differ for full and part-time students. Relief is granted at the standard rate of tax and details can be found at www.revenue.ie.

International Student Information

Griffith College provides career focused education, producing graduates who are highly employable worldwide and who excel in their chosen careers.

Living in Ireland

Ireland is an exciting place to live and study. Our blend of tradition and contemporary living is unique. We are proud and protective of our ancient culture, yet we have embraced our role as a centre for the digital revolution and international trade. Over 4.5 million people enjoy our mild, oceanic climate and a landscape that stretches across lakes and mountains, and more than 2,000 miles of coastline which attracts over 10 million tourists to our shores yearly. In recent years, Ireland has become a global centre for the banking, telecommunications, pharmaceutical and software industries.

With an impressively high quality of life and a well-educated workforce, many international companies have set up their European headquarters in the country. Ireland has had one of the highest economic growth rates in the EU and much of this success can be attributed to our education system. Our long and impressive academic tradition has been established over many years and, today, the country offers one of the highest standards of education in the world.

The City of Dublin

Dublin continues to be one of Europe's most vibrant and exciting capitals. It is a university city and home to many renowned centres of learning. A large percentage of the city's population is under 35 and with many cafes, restaurants, cinemas, music venues, pubs and clubs to choose from, there are few better cities in which to enjoy your time as a student. The city's mix of cultural and economic success, along with the strength of its literary and musical tradition, makes Dublin an ideal location for study.

At Griffith College Dublin you'll be right at the heart of it, just a few minutes away from the city centre itself.

Studying in Griffith College: GCD International Office

The International Office is committed to ensuring excellent support services for the integration of international students into the College. The experienced international staff are available to assist students with any academic or welfare issues they may have.

Applying for a Study Visa

If you need a visa to study in Ireland you must apply to your local Irish Embassy/Consulate. Please contact the International Office if there is no Irish Embassy/Consulate in your country of residence. The Griffith College Visa Officer can provide guidance on your visa application.

For further information please visit the GC website: www.griffith.ie/international or contact the International Office by email at international@griffith.ie

Application Guidelines

To make an application to the College you can apply online at www.griffith.ie/apply-online.

Please ensure that you include the following with your application:

- Copies of second level/high school certificates (including all grades achieved in examinations and/or transcripts of grades achieved).
- Copies of university/third level award certificates (where applicable). Provisional certificates must be provided if the award has not yet been issued.
- A transcript of results for all subjects taken at third level must be provided.
- TOEFL/IELTS score sheet or other internationally recognised English language test score if applicable.
- Proof that education was conducted in English if applicable (letter from school/college required).
- Copy of relevant pages of passport.
- One recent photograph.
- CV/Résumé detailing your academic/work history year-by-year with no gaps.
- Statement of Purpose/Student Profile indicating the reasons for your choice of course and why you want to study in Ireland and at Griffith College.
- Two reference letters at least one of which should be academic i.e. from a professor, lecturer or teacher.

English language entry requirements

Students from countries where English is not the native language must demonstrate that their language level is of a suitable standard. GC can appraise a student's English language level as follows:

- **TOEFL/IELTS/TOEIC (or other):**
If a student has achieved a sufficient score in one of these internationally recognised English language tests they may progress to their chosen programme. (Please see table on the right indicating scores required for GC programmes). Test results older than 2 years will not be accepted.

- **English Language Test:**
Students who are not in possession of an internationally recognised English language test or who have not achieved the required score will be required to complete an English Language Test before a final offer can be given.

There is an Irish Government Department of Justice and Equality requirement for students from certain non-EU countries to have a particular IELTS (or equivalent) score, depending on the course they are applying for, in order for them to be considered for a Study Visa for Ireland.

Please contact us for further details. All entry requirements are intended for use as guidelines only. Applicant acceptance is at the discretion of the relevant Griffith College Programme Director. Entry requirements may vary from country to country.

Accommodation

Accommodation is available on campus in the Griffith Halls of Residence. This is a safe and secure environment on the grounds of our historic Dublin campus. Further information about the Griffith Halls of Residence and the application procedure is available on page 22 or on the accommodation website: www.ghr.ie.

Griffith College English Language Entry Requirements

Programmes	Minimum CEF Level/ IELTS Level
Undergraduate Programmes in Journalism	CEF B2 (High) / IELTS 6.5
Undergraduate Programmes in Law	CEF B2 (High) / IELTS 6.5
All other Undergraduate Programmes	CEF B2 (Mid) / IELTS 6.0
Postgraduate Programmes in Journalism	CEF C1 (Mid) / IELTS 7.0
All other Postgraduate Programmes	CEF B2 (High) / IELTS 6.5

Working in Ireland - Non-EU Students

Griffith College's non-EU students are entitled to work 20 hours per week during term time and 40 hours per week during specified holiday periods. The Irish Department of Justice and Equality has compiled a register of approved third-level courses and students who are registered on these courses are permitted access to part-time employment.

You can view the listing of approved courses on the Irish Naturalisation and Immigration Service's website www.inis.gov.ie.

Additional information is available from our International Office on request. It is essential that any part-time work undertaken by students does not interfere with their studies and that their academic performance is not affected by their part-time employment.

“ I got the chance to live and study in Berlin for six months. It was a perfect experience for me. The German college was great and I've made friends for life. I'm even planning on moving to Berlin when I graduate from Griffith College.

Bruno Monnerat,
BA (Hons) in Business Studies

Study Abroad and Erasmus

Our students have access to a global network of partner institutions across Europe, Australia and the USA.

We encourage all students to take advantage of this excellent opportunity to introduce themselves to different cultures, languages and experiences.

Immerse yourself in a new environment to grow both personally and academically with support available every step of the way. Griffith College prides itself on its international student community of over 77 nationalities and 140 third level partnerships worldwide. As our international students will testify, there is nothing better than experiencing different countries and cultures firsthand. In an increasingly global employment market, studying abroad can also enhance your future employment prospects, as you will learn about cultural and professional differences in other economies.

Erasmus+ Funding

Griffith College Dublin is an active participant in the EU Erasmus + mobility programme. Agreements are in place with European institutions in France, Germany and Austria and the College is continuing to develop additional linkages.

For further details please contact the International Office at international@griffith.ie.

English Language Courses

Griffith Institute of Language offers English language learning programmes within a safe and stimulating college environment.

We offer English language programmes in Dublin, Cork and Limerick. General English, Business English, English for Academic Purposes and Exam Preparation. Apply today and prepare to experience language learning in an exciting and immersive environment.

Griffith Institute of Language is recognised by ACELS, under the auspices of Quality and Qualifications Ireland, for English language teaching (ELT). Griffith Institute of Language is a member of Marketing English in Ireland.

For our full selection of programmes please visit www.griffith.ie/gil.

For learners who are looking to enrol on Griffith College degree programmes but do not meet the language requirements Griffith Institute of Language offers an English for Academic Purposes (EAP) programme that includes extensive cultural and academic orientation, as well as core language skill development.

Learners with a higher level of English can develop their language skills in specific areas related to their continued study or professional development by choosing academic modules carefully selected from Griffith College's undergraduate and postgraduate programmes. They can then support these choices with 15 hours of English in our language institute.

Modules include but are not limited to:

- **Introduction to Photography**
(Journalism Faculty)
- **Understanding Society**
(Journalism Faculty)
- **Event Management**
(Business Faculty)
- **E-Business**
(Business Faculty)

Participation in academic modules is subject to availability and dependent on the language level of the students.

For more information:

Email: gil@griffith.ie

Website: www.griffith.ie/gil

“ I always dreamed of going away for a year to study a language. I remember looking at a flyer which featured a picture of Ha'penny Bridge with Dublin's colourful City Centre in the background. I remember reading it about 100 times that night and the next day I said to my mother, "I want to go to Dublin". After one year in Dublin, I decided to study with Griffith. Life at Griffith is full of energy! There is always something to do, which is great as it gave me plenty of opportunities to make new friends and try different activities. After three years, I'm graduating with a BA in Marketing, and I will return to complete my final year of the honours programme.

Ana Gil-Villanueva
BA in Marketing 2019

Griffith Halls of Residence

Griffith Halls of Residence (GHR) is a collection of student apartments located on landscaped College grounds overlooking the canal and the Dublin mountains.

GHR is open to any student from any third level institution. Just 20 minutes walk from St. Stephen's Green in Dublin's city centre, GHR's enviable central location is ideal for students studying at any of Dublin's third level institutions.

Griffith Halls of Residence have been sensitively designed to complement and reflect the historical significance of the campus as a whole, while offering comfortable, modern living with 24-hour security for Residents. The Halls of Residence are built in two blocks which consist of 165 apartments and provide accommodation for over 660 students during the academic year and over the summer months.

The majority of apartments typically contain two twin rooms and a shared living space. There are also a number of single rooms available in shared apartments.

Apartments are available throughout the academic year which runs from September to June. Either the full accommodation fee or 55% of the rental fee for the academic year/full accommodation fee if applying for a single semester should be paid in advance to secure the booking.

Students are required to initially pay an Application Fee (by either Bank Transfer or Draft/Cheque/Postal Order/Debit Card). Students also have to sign a Lease Agreement for the period requested. In addition, certain rules and regulations will apply.

For further information

Our Virtual Tour, and details on rates etc, please contact us:

Website: www.ghr.ie or

Phone: +353 1 416 3320

Email: live@ghr.ie

- Each student is provided with a single bed, bedside locker, wardrobe, study desk, chair and waste paper bin. The rooms are fully carpeted.
- Each two-bedroom apartment typically has two bathrooms, one of which is en-suite.
- The living area has two couches, a coffee table, dining table and chairs.
- The kitchen is equipped with a hob, oven, toaster, microwave, fridge, freezer, iron and ironing board, cleaning equipment, cooking pots, storage cupboards and an electric kettle.
- Each apartment has an average floor area of 58 square metres, is tastefully decorated and has controllable heating.
- Lighting, heating, refuse, cleaning of communal areas and water rates are charged at a flat utility rate (on which a fair usage policy applies).
- Residents have access to FREE uncontended WiFi Internet throughout the complex. The cost of Internet access is included in the utility charge.
- Students are advised to bring bed linen, crockery and cutlery. However, they can be rented for a small additional charge.
- Fun events organised for the Residents on a regular basis.
- On-site accommodation team
- 24-hour security personnel on-site and CCTV system
- On-site maintenance team
- On-campus restaurant/bar
- Four elevators per block
- On-site laundry facilities (coin operated, additional charges apply)
- Apartment specific post-boxes
- Access to free fitness room (limited spaces available)
- Access to the building is controlled by unique security key fobs personalised for each student
- Underground bicycle park

Student Life at Griffith College

As part of a full student experience at Griffith College, there is a large choice of clubs and societies to join. Check out the Students' Union at Griffith College Dublin for more information.

Sports and Societies

The range of active sports and societies on campus continues to grow on an annual basis. In addition to the traditional sports clubs, the Students' Union currently assists and funds a wide range of other societies including Beer Pong, Poker, LGBTQA and magazine society. Students are encouraged to approach the Sports and Societies' Officer with any ideas for new sports and societies. Schedules for all sports and societies are available from the Students' Union office.

The Sports and Societies Officer is available to provide information and to offer guidance and advice. A comprehensive range of sports is offered to suit the needs and interests of the student body. Griffith College Dublin's range of sports clubs and societies is constantly expanding.

In many cases, the societies are organised by students, thus providing an opportunity to develop organisational, fundraising and social skills. Students are encouraged to start new societies to cater for other interests. There are many sports clubs including basketball, volleyball, soccer and table tennis. All these sports cater for men and women. Sporting facilities are provided in several off-campus locations.

In the Students' Union building, students may enjoy the use of a games room, including games, TV and Chill zones, kitchen, and Table Tennis.

Students may learn about and join the various sports and societies during Freshers' Week, which is held during the first week of term. The College offers basketball scholarships for suitably qualified and experienced students. For more information please contact basketball@griffith.ie.

Some of the Sports & Societies available from the Students' Union are;

-  **Soccer**
-  **Basketball**
-  **Pool**
-  **Beer Pong**
-  **Griffith College Magazine**
-  **Volleyball**
-  **Badminton**

For a full list call in to the Students Union

Entertainment and Events

The Griffith College Dublin Students' Union organises a wide range of student events throughout the academic year providing affordable, quality entertainment in a safe and student-friendly atmosphere.

The Students' Union regularly attracts promotional sponsorship, and all events are advertised well in advance. Events include Freshers' Week, Charity events, and the seasonal Halloween, Christmas, Welfare and Refresher events. The highlight is the annual Griffith Ball where students get the chance to party in style and celebrate the end of the academic year.

The Students' Union hosts three discovery trips each semester, two overnight and one day trip. The overnight trips have become legendary and sell out quickly. Semester one usually starts with the day trip to the picturesque Glendalough and Kilkenny Castle. This is then followed by the first overnight trip to Bunratty Castle where the students get to experience a Medieval banquet followed by a night out in the west of Ireland.

The 3rd trip of the semester involves a weekend at an adventure centre where students get the opportunity to test themselves at rock-climbing, canoeing, bog walking zip-lining and much more and of course, an obligatory SU night out in the middle of it all.

Semester two usually sees the crew setting off for an idyllic part of Ireland to visit some of the great attractions Ireland has to offer, seeing the sights of Cork, Killarney, Lahinch and all that's in between, and of course another SU arranged night out or two. For the next trip of the year the SU brings students to the west coast of Ireland and the idyllic town of Lahinch, Co. Clare for the annual surf trip this weekend is always a sell out and great craic. The last trip of the year sees students visit the Giants Causeway for the semester 2 day trip.

Entertainment and Events at Griffith College Cork

Griffith College Cork Student Union organise various trips throughout the year providing affordable, quality entertainment in a safe and student-friendly environment. Trips to local attractions such as Killarney National Park and Blarney are regularly undertaken by our international students.

The highlight event of the year is the Annual Griffith College End of Year Ball usually held at Burlington Hotel. Social events such as movie and games nights are regularly held throughout the year.

Entertainment and Events at Griffith College Limerick

Griffith College Limerick offers a wide social calendar distributed monthly to students. Events are organised by our social coordinator and available to all students. Events range from sports, cultural activities, day trips, overnight trips and nights out in the local bars. Students can also join GCL's soccer team. Griffith students also participate in Freshers' week, charity events, and the seasonal Halloween and Christmas events. Griffith College Limerick students have the opportunity to attend the annual Griffith Ball in Dublin where students can celebrate the end of the academic year.

Recent highlights in Griffith College

GRIFFITH COLLEGE

We support our students by providing a range of services and facilities to ensure a smooth experience for the duration of their time here.

Urban Square Restaurant & Cafe

Griffith College offer full catering on our South Circular Road Campus, Arthur's Cafe. The restaurant and cafe provide a wide variety of breakfast, lunch and beverage options.

IT Support/Computing Facilities

The College provides an Office 365 account for all students. This gives student access to an email account, online cloud storage and access to the Microsoft Office suite.

Our South Circular Road Campus has 5 Mac Labs and 13 PC Labs, equipped with the latest iMac and PC desktops. To view our computing facilities, visit us at one of our upcoming open days or drop in for a guided tour of the campus.

UbiCast Lecture Recording Service

The UbiCast recording facility is available in select lecture rooms. This facility allows lecturers to record their lecture as it is being delivered. The recording can then be uploaded to the college's virtual learning environment – Moodle. Students can then have access to that content at all times. The UbiCast recording facility also allows student on some courses to view the recording, or live stream, of the lecture, from any location.

Car Parking

Registered students with parking permits may use the parking facilities when available free of charge.

Disability Services

The College is committed to maintaining a supportive environment whereby students are encouraged and facilitated, enabling them to maximise their potential, both educationally and socially. Students with ongoing disabilities such as learning difficulties, ongoing illness, physical difficulties, mental health difficulties and sensory disabilities can access additional support from the College. New applicants are asked to disclose this in their application form. Current students are asked to discuss their needs and requirements with their Programme Director.

Fitness Room

The College has a fitness room that is available to all students in the college. The Fitness Room is located in the B Block, just off the main reception. The room contains various cardiovascular equipment most notably elliptical cross trainers, exercise bikes and treadmills. The room also has weight machines. There are male and female changing rooms which are equipped with hot showers and secure lockers for gym gear.

Student Counsellor Support

A professional counsellor is available to any student experiencing personal difficulties. The service is completely confidential and free of charge. Students who wish to meet with a counsellor can make an appointment by:

- Emailing counselling@griffith.ie
- Text or call 085 1521511
- Visit the Student's Union and arrange an appointment

This service operates from 9:30am to 9:00pm Monday to Friday throughout the semester. Students will receive an automatic reply confirming receipt of their communication and our aim is to set up an appointment within 24 hours.

Health/Medical Services

The College has an arrangement with a local medical practice which recognises the European Health Insurance card and will also offer a 10% student discount for students who don't have the card. Information about the doctor is supplied by the Students' Union.

Library

The Library aims to help all our learners get the best from their time in Griffith. We have a full range of relevant textbooks to support the courses in the college as well as extended research materials including journals and databases of academic publications, and document supply and access to the world's scholarship. We have printing, scanning, and copying facilities, PCs and wi-fi, quiet as well as collaborative/group study spaces including our Research Room which also hosts occasional seminars.

Our team are here to help you in your transition to academia including assistance in finding relevant information and resources for your courses and assignments. We also provide group and individual tutorials in aspects of academic integrity including referencing and citation as well as support for computer tools to assist with the research and writing process.

Services include:

- Support with online services and information
- Tutorials and training on academic integrity, referencing, and citation
- Help selecting resources

Resources Include:

- Textbooks
- Databases/journals
- PCs, printing, scanning and copying
- Research room
- Collaborative study space

Induction

An Induction day takes places for all new full-time students. Induction will introduce students to key staff members such as Faculty Heads, the President, Student Services, the Admissions and International Office representatives. The Students Union present on the day to give students a taste of student life at Griffith. Part-time and Blended students also have individual inductions for their respective courses.

Learning Portal & Student Portal

My Griffith is our student portal and it is the central resource for all your college needs and provides students with access to services such as online registration, payments, exam results etc. Moodle is the virtual learning environment or platform we use for programme documents, online resources and activities.

Student Services Cork

Library & Computer Services

The library at Griffith College Cork gives students access to a wide range of information through various forms such as printed textbooks, online eBooks, online databases and different forms of multimedia. The college's virtual learning environment – Moodle, gives students access to a wide range of legal, accounting, business, computing, marketing, journalism and pharmaceutical business journals and online resources.

Printing facilities are available for students in the library area. All computing resources are maintained by the college's IT services department.

UbiCast Lecture Recording Service

The UbiCast recording facility is available in select lecture rooms. This facility allows lecturers to record their lecture as it is being delivered. The recording can then be uploaded to the college's virtual learning environment – Moodle. Students can then have access to that content at all times. The UbiCast recording facility also allows student on some courses to view the recording, or live stream, of the lecture, from any location.

St Luke's Cross

The college is located in the St Luke's area of Cork City. St Luke's is home to a variety of coffee shops, bars and restaurants, all of which are within a minutes' walk of the college campus.

Radio Studio & Media Equipment

Griffith College Cork boasts a fully operational radio studio which contains all the necessary equipment for broadcasting. Each year, Journalism students, guided by radio presenters from Cork radio stations, RedFM and 96FM, broadcast live from the college on 'Griff FM', the college's very own radio station.

A variety of other media equipment such as video cameras, recorders and scanners are available for student project and assignment work.

Student Health & Well-being Services

Cork City Medical Centre, which is located on Patrick's Street is the recommended medical centre for our students. The college also has an arrangement with a local counselling service which is located on Wellington Road, a 2 minute walk from the college.

This service is available to assist students with any difficulties that they may be having, either related to their studies or otherwise and is discounted for all Griffith College Cork students.

Phone: 021 450 7027

Student Services Limerick

Library

Griffith College Limerick provides access to a wide range of materials in our library, assisting students in their learning and getting the best out of their time in Griffith. The library offers printed texts as well as online databases, downloadable e-books and multimedia. An experienced librarian is available to assist students in navigating through the many resources. The library also has Wi-Fi throughout, access to PCs and PowerPoints for electronic devices, study areas as well as scanners/printers/copiers. Access to group study rooms is also available.

The College Intranet (Moodle) offers information and guidelines required by students, staff and lecturers. Students can log on to the system either from home or from one of the many campus network points and access lecture notes, examination material, library resources, along with a host of additional information to make student life easier.

Health/Medical services

There are many medical services located near Griffith College Limerick. The college has an agreement with a nearby GP and dental practice offering student discounts as well as a pharmacy offering a 10% discount on all prescriptions. All of this information is available in the student handbook that is distributed during orientation.

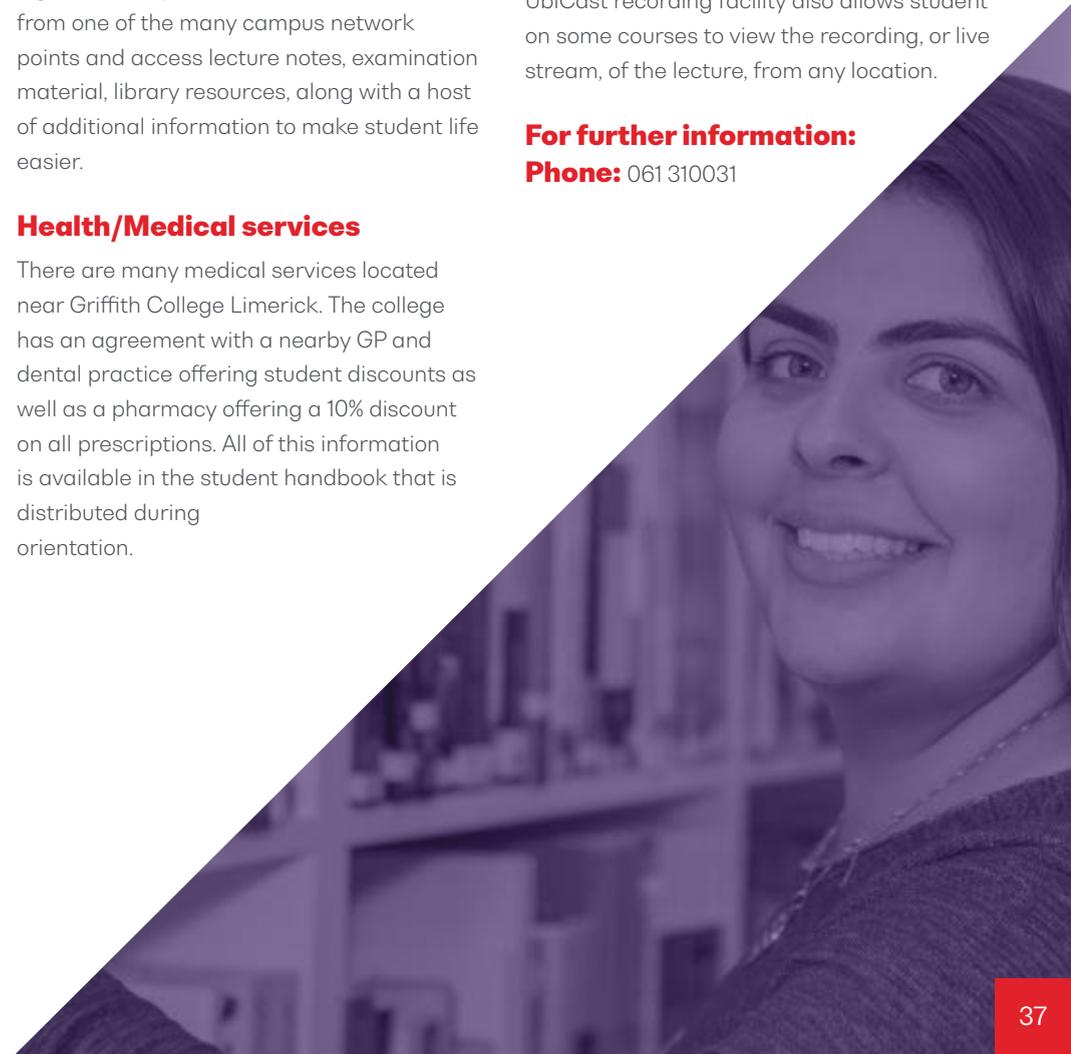

Recreation Room/Restaurants

A Recreation Room is provided for students where they can relax, study, browse the internet on the PC's provided, or on their laptops via Wi-Fi. They can also play pool or watch multi-channel television. A kitchen with microwave, fridge, tea/coffee station is also available.

UbiCast Lecture Recording Service

The UbiCast recording facility is available in select lecture rooms. This facility allows lecturers to record their lecture as it is being delivered. The recording can then be uploaded to the college's virtual learning environment – Moodle. Students can then have access to that content at all times. The UbiCast recording facility also allows student on some courses to view the recording, or live stream, of the lecture, from any location.

“ Enrolling in the Accounting & Finance part time degree was a huge decision and I must say rather daunting. However, the lecturing staff, and indeed everyone at Griffith College, made the transition so easy and enjoyable. Managing a full-time job, along with studies and everything else life has to give, was made easier by the consistent level of support. ”

-  LIMERICK

- BA (Hons) in Business Studies   
- BA (Hons) in Business Studies (Marketing) 
- BA (Hons) in Business Studies (HRM)  

About the Course

This honours degree programme will help students to appreciate fully the vital business roles played by finance, accounting, marketing, human resource management and information technology. In addition, graduates will be shown how the ever-changing business environment is influenced by political, legal, economic, social and technological factors on both a national and international scale. In first year, students take subjects that are common to the first year of the BA (Hons) in Accounting and Finance. This model gives students the flexibility to adjust their degree choice, if necessary, after year one. The purpose of the course is to give students the business skills that are in demand by companies today.

In a complex and dynamic environment they will be able to identify changes in business requirements, and have the confidence to develop and implement new procedures to satisfy them. Students will be able to recognise the key characteristics governing a particular company and then identify the factors that are critical to its success. The course syllabus, developed by Griffith College and validated by QQI, reflects the multiple requirements of today's business world. The participation and support of full-time and external lecturing staff, from a wide range of industries, has made a vital contribution to the degree's content.

BA (Hons) in Business Studies (Marketing)

The BA (Hons) in Business Studies (Marketing) offers students an opportunity to specialise in the area of marketing in the final year of their degree. While the broad scope of the course means that students also gain a deep understanding of the many aspects of the world of business, marketing is central to all business activities - whether in a large multinational or in a small local business.

The purpose of any business is to meet consumers' needs and wants while making a profit. A marketing qualification can open doors to a number of exciting and challenging careers. These include, but are not limited to; advertising, public relations, sales management, market research, retailing, product design and development, and branding.

BA (Hons) in Business Studies (HRM)

The BA (Hons) in Business Studies (HRM) allows the student to focus on the area of Human Resource Management in the final year of their degree. This follows on from gaining a deep understanding of the world of business in the first two years of the programme. Significant developments in the business environment have led to an increased demand for human resource management practitioners. Students who successfully complete this programme can apply the knowledge and skills which they have gained on the programme to a wide range of business sectors.

Progression

Upon successful completion of their honours degree course, graduates may wish to continue their studies with a postgraduate qualification in Griffith College or with one of the many third level institutions in Ireland or abroad.

Careers

The varied and in-depth content of these courses means that graduate prospects and opportunities are virtually endless. Electives/Specialisations in the final year are a platform on which a career in this area can commence. Specialisations include management, HRM, finance or marketing.

Course Content

YEAR 1

BA (Hons) in Business Studies (Blended)

DUBLIN

About the Course

The BA (Hons) in Business Studies Blended programme is delivered through a combination of online and classroom-based learning. This course is validated by QQI at Level 8 on the National Framework of Qualifications and content and assessment is identical to the full-time and part-time BA (Hons) in Business Studies programmes.

The blended mode of delivery offers students a more flexible learning environment and provides an opportunity for those living outside the greater Dublin area to study in Griffith College.

“Blended learning” incorporates weekly video lectures which are uploaded to an online virtual learning platform to be reviewed at learners’ convenience with weekly virtual activities to be completed on topics covered. There are fortnightly tutorial-style live “webinars” using the most up-to-date conferencing technology. E-learning is “blended” with “live” Saturday classroom-based workshops, which take place on a monthly basis.

Students visit the Dublin campus on a monthly basis, however, they have access to all facilities provided to full-time and part-time students throughout the academic year, as well as the option of participating in the wide range of extra-curricular activities undertaken by full-time and part-time business students at Griffith College.

Progression

Upon successful completion of their honours degree course, graduates may wish to continue their studies with a postgraduate qualification in Griffith College or with one of the many third level institutions in Ireland or abroad.

BA (Hons) in Accounting and Finance

-  DUBLIN
-  CORK
-  LIMERICK

About the Course

The BA (Hons) in Accounting and Finance degree is ideal for students interested either in a career in the accounting profession or who wish to develop the expertise to analyse business activities from a financial perspective.

If you are interested in the application of numerical techniques and the interpretation and communication of financial information, this course is ideal. It explores the theory and practical application of accounting and finance, and will give you a thorough grounding in the key business disciplines. Once completed you will have all the necessary skills to pursue a dynamic and rewarding career in accounting and/or finance.

This Accounting and Finance programme provides the learner with the computational, analytical and management skills required for a dynamic career in business. Whether you want to be an accountant, financial analyst or indeed, start your own business, then this is the programme for you.

Progression

Graduates of this programme may wish to pursue postgraduate studies in our Graduate Business School. They can also gain substantial examination exemptions from the professional accountancy bodies. Such programmes are available on a part-time and full-time basis, allowing graduates the flexibility to work while continuing their studies.

Careers

The programme gives you an understanding of the business, legal, and social environments in which accountancy operates and enables you to be conversant in the technical languages and practices of the accounting sector in a market economy.

These include measurement and disclosure in financial statements, managerial accounting, auditing, taxation and business law. While typical careers focus on the world of finance and accounting in particular, any aspect of the business arena is open to graduates.

“ I am a graduate from the Accounting and Finance degree in Griffith College. It is a very interesting course and the lectures are extremely helpful and kind; they’re always ready to help. Griffith College is a place that encourages students to work hard and the BA (Hons) in Accounting and Finance recognises the efforts that students put into their work. ”

Chizara Chimdi-Ejiogu,
BA (Hons) in Accounting and Finance
(Full-Time) graduate

Course Content

YEAR 1

YEAR 3 ELECTIVES * (One to be chosen)

Corporate Governance and Accountability, Derivatives, Project Management, Valuation and Securities Analysis.

* Elective are offered subject to demand As with the BA (Hons) in Business Studies, the College designed this degree programme with the help and considerable expertise of its full-time and external lecturing staff, as well as a wide range of people in industry and practice. As a result, the programme reflects the multiple requirements of today’s business and finance world. Programme modules and content are subject to ongoing quality assurance reviews and evolve to reflect educational, legal and professional developments.

Professional Body Exemptions

Professional Body	Exemptions	To be completed	Expected Timeframe
ACCA	Fundamental Level (9 papers)	All of Professional Level (5 papers)	1 Year
CPA	Formation 1, Formation 2 and Professional 1 (subject to electives taken)	Professional 2	1 Year
ACA	Cap 1	CAP 2 and FAE	2 Years

“ Making a decision to return to education was not easy, but necessary. I am delighted that I made the decision to start my new journey with Griffith! I chose this particular accounting course because of the ACCA Fundamental exemptions graduates receive. I received enormous support from lecturers and peer students. Various assignments helped to apply theory I’ve learned in real life case studies, and friendly feedback gave me an opportunity to improve my business skills. During my time here, I got an opportunity to make great friends from different cultures which was also a very enriching experience. ”

- LIMERICK

About the Course

This three-year programme engages students in all key marketing disciplines while also giving them grounding in broader business disciplines. The BA in Marketing at Griffith College gives students the opportunity to develop marketing skills and gain an understanding of business.

By developing their marketing skills in the broader business context, students are perfectly placed to become dynamic team players in any business environment.

The degree also features an embedded award so that students who wish to exit after two years can do so with a Higher Certificate in Business. This programme is the perfect platform for students who wish to pursue further studies or move straight into the workplace.

Progression

Students who successfully complete the BA in Marketing are eligible to progress to the final year of the BA (Hons) in Business Studies. The BA in Marketing is a QQI award at level 7 on the National Framework of Qualifications and therefore allows for transfer and progression both nationally and internationally.

Careers

A marketing qualification can open doors to a number of exciting and challenging careers. These include, but are not limited to, advertising, public relations, sales management, market research, retailing, product design and development, and branding.

Course Content

YEAR 1

Learning to Learn, IT Skills for Business, Business Management 1, Fundamentals of Finance, Business Maths, Business Communications, Small Business Development.

YEAR 2

Introduction to Business Law, Financial Accounting, Business Management 2, Enterprise Innovation and Planning, Market Research Practice, Employability Skills, Principles of Economics, Principles of Marketing.

YEAR 3

Strategic Marketing Management, Digital Marketing, Business Finance, International Marketing, Consumer Behaviour, Marketing Communications Project, Career Planning.

“ I am a final year student on the BA in Marketing. Griffith has been such a great choice for my studies. The lecturers are so helpful and there is a lot of one-to-one interaction in class. The course modules are very interesting and relevant to what I want to do in my future career. I will be back this autumn to complete my last year on the B.A (Hons) Business Studies. ”

BA in Business

- DUBLIN
- LIMERICK

About the Course

The BA in Business is a three-year full-time programme which is designed to give students a clearly structured business education and provide a solid foundation for further education or career progression. All key business functions are addressed, including, entrepreneurship, marketing, finance, accounting, human resources and information technology.

The programme achieves a healthy balance of practical hands-on business practice with academic knowledge offering students a broad understanding of business principles and practices. The degree also features an embedded award so that students who wish to exit after two years can do so with a Higher Certificate in Business.

The BA in Business at Griffith College gives students the opportunity to develop business skills and gain an understanding of business in the safe environment of a college which focuses on excellence in education. This programme is the perfect platform for students who wish to pursue further studies or move straight into the workplace.

Progression

Students who successfully complete the BA (Ord) in Business are eligible to progress to the final year of the BA (Hons) in Business Studies. The BA in Business is a QQI award at level 7 on the National Framework of Qualifications and therefore allows for transfer and progression both nationally and internationally.

Careers

Graduates will have the skills and knowledge to work in a wide variety of business areas and will be suitable for employment in the services, and the industrial and public sectors.

Apply direct: www.griffith.ie
Course duration: **Full-time 3 years**
Award Level: **Level 7**
Validated by: **QQI**

Due to the broad scope of the programme, students may opt to develop their general management skills or work in a specialist area such as finance, marketing, information technology or human resources. Students who wish to seek employment immediately after the course may complete further studies on a part-time basis.

Course Content

YEAR 1

Learning to Learn, IT Skills for Business, Business Management 1, Fundamentals of Finance, Business Maths, Business Communications, Small Business Development.

YEAR 2

Introduction to Business Law, Financial Accounting, Business Management 2, Enterprise Innovation and Planning, Market Research Practice, Employability Skills, Principles of Economics, Principles of Marketing.

YEAR 3

Strategic Marketing Management, Business Finance, Human Resource Management, Digital Marketing, Operations and Project Management, Business Analysis Project, Career Planning.

“ As an international student from Nepal, I feel I have been so lucky to be able to study business for the past three years in Griffith College. The modules are really interesting and the lecturers have real passion in what they do. Their industry experience and their special teaching techniques have taught us how important the world of business is. Griffith College provide the best learning materials, facilities and supports to all students. I have really enjoyed and learned so many things since I started in Griffith College. ”

Pawan Pokharel,
BA in Business graduate

Higher Certificate in Business

DUBLIN
LIMERICK

About the Course

The Higher Certificate in Business is a two-year full-time programme, designed to give students a rich overall perspective of business. Marketing, finance, accounting, management, and information technology are all addressed as students are prepared for the world of business and its countless opportunities. On completion, students will have the confidence and knowledge to select and apply appropriate techniques to business problems and opportunities as they arise.

Progression

On successful completion of the Higher Certificate programme, students can progress directly to year three of the College's BA in Business or BA in Marketing programmes. Alternatively, they may progress directly to year two of the College's BA (Hons) in Business Studies or BA (Hons) in Accounting and Finance programmes.

Careers

This programme is the perfect platform for students who wish to pursue further studies or move straight into the workplace. The broad scope of the course means that students gain an understanding of the many aspects of the world of business, allowing them to choose the area which appeals to them most.

Graduates will typically find employment in insurance, banking, retailing and marketing. Students who choose to seek employment immediately after the course may complete further studies on a part-time basis.

Course Content

YEAR 1

Learning to Learn, IT Skills for Business, Business Management 1, Fundamentals of Finance, Business Maths, Business Communications, Small Business Development.

BA (Hons) in International Hospitality Management

DUBLIN
LIMERICK

About the Course

This programme focuses on introducing and preparing students for management roles in the international hospitality industry. It takes an international perspective, thus increasing the variety of career opportunities open to graduates.

The programme includes an element of practical skills training in the area of food and beverage service skills and food production. This training will equip learners with the necessary hospitality service skills that will assist them in their future careers. The Hospitality Management students have the opportunity to gain real life experience through the College's on-site training restaurant. Students are required to complete 1,000 hours of work experience prior to graduation. This experience is normally achieved during the summer months and helps students increase their value to potential employers.

Progression

Graduates of this programme who wish to pursue a Master's programme are eligible to apply for further study with our Graduate Business School or with other higher educational institutions.

Careers

This internationally focused programme offers graduates the opportunity to work in the diverse field of Tourism and Hospitality. Graduates will have a variety of employment prospects in the many sectors which include hotels, restaurants, conferences and events, travel, tourism, and recreational and leisure organisations.

Apply direct: www.griffith.ie
Course duration: **Full-time 3 years**
Award Level: **Level 8**

* Electives are offered subject to demand.

Diploma in International Hospitality Management

DUBLIN
LIMERICK

About the Course

The Diploma in International Hospitality Management offers students the prospect of gaining a level seven award and gaining practical work experience in the international hospitality industry. The skills, knowledge and competencies gained while participating on this course are important for prospective graduates in attaining employment and meeting current industry trends.

The students who register on this programme study hospitality specific modules such as Hospitality Operations, International Hospitality Management, Food and Beverage Management, Accommodation and Facilities Management, Hospitality Law and Tourism Studies along with general business subject areas. These modules give the student a detailed insight and understanding of the international hospitality industry, both through their practical skills training sessions and management studies.

This style of programme delivery supports and highlights the diverse range of career opportunities open to successful graduates. Students who wish to exit with a Diploma in International Hospitality Management may do so at the end of semester one, year two. These students will take three taught semesters of 90 ECTS credits and must complete the one thousand hours industry placement which is graded and worth 30 ECTS credits, giving a total of 120 ECTS credits.

Progression

Graduates of the Diploma in International Hospitality Management, who at a later date wish to return to complete the Bachelor of Arts programme, will be required to study semester 2, of year 2, and all of year 3 of the programme.

Careers

This internationally focused programme offers graduates the opportunity to work in the diverse field of Tourism and Hospitality.

Graduates will have a variety of employment prospects in the many sectors which include hotels, restaurants, conference and events, travel, and tourism organisations.

Course Content

YEAR 1

Semester I: Hospitality Operations 1, Hospitality Management, I.T. Skills, Business Mathematics for Hospitality Managers, Effective Learning and Development

Semester II: Hospitality Operations 2, International Hospitality Management, Principles of Services Marketing, Financial Accounting, Principles of Economics.

YEAR 2

Semester I: Food & Beverage Management, Accommodation and Facilities Management, Hospitality Law, Tourism Studies, Personal & Professional Development.

Industry Placement Stage

(1,000 hours in total)

The Industry Placement module affords learners an opportunity to develop their practical skills by training in a working environment. Students are placed in a variety of companies, which include international hotels, food and beverage outlets, conference and event venues, and leisure centres.

“ My three years in Griffith College has been an enjoyable and memorable experience. What I really liked about the programme was the fact that it is internationally focused. There is such a diverse range of students, coming from all types of backgrounds and cultures. The small classroom size means that students and lecturers get to know one another. This is such a broad course, which allows you to go into different careers within the hospitality industry. The lecturers were extremely approachable and were willing to help you in any way they could. ”

“ I cannot express how valuable Griffith College has been in kickstarting my career in law. The lecturers were incredibly helpful and skilled, and the Law Faculty as a whole went above and beyond to ensure each person reached their fullest potential. I made friends for life with, not only my classmates, but also the lecturers and employees of Griffith College, which will make me miss the campus more.

”

Amy Lee
LLB (Hons) in Law

Caseworker for the Irish Innocence Project

Courses

LL.B. (Hons)

LL.B. (Hons) (Blended)

Diploma in Legal Studies and Practice

Certificate in Legal Studies

Certificate in Legal Practice (Special Purpose Award)

Certificate in Mediation (Special Purpose Award)

Best Bits of Griffith College Law

Recognition by Professional Bodies

The LL.B. (Hons) is accredited for entry purposes by the Law Society of Ireland and the Honorable Society of King's Inns.

Leading Practical Pedagogy and Clinical Skills Development

The courses provide a practical, clinical education encompassing debating, court visits and moot courts.

3 Library Resources

The Griffith College library is a subscriber to JustisOne, Westlaw UK and Westlaw.ie, some of the world's premier legal research engines.

4 Student Societies

We have a vibrant Law Society and national and international award winning debating and mooting societies. Student members enjoy the benefits of these thriving, dynamic societies and are encouraged to join.

Student Intranet

Griffith College facilitates web-based learning on Moodle, the student intranet system.

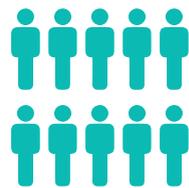

Why Griffith College?

Excellent reputation

Smaller classes guarantee individualised attention

Placements with industry available to Griffith students

Car parking for students

Flexible fee payment structures available

Dublin and Cork City location

Extra Curricular Activities

Law Society

Throughout the academic year the Law Society schedules a variety of activities for students in addition to a series of talks by prominent members of the legal community.

Debating Society and Mooting Society

The Debating Society provides students with the opportunity to partake in organised student debates. Students are encouraged to participate in prestigious international and national debates such as the annual Irish Times debate.

The Mooting Society encourages legal debate among students by way of written submission and oral presentation. The society encourages teams to enter renowned national and international intervarsity moots such as the Silken Thomas Intersvarsity Moot Court Competition.

Students active in both societies receive expert guidance and coaching from experienced, practising lawyers.

Work Experience

Griffith College and the Law Faculty offer an inhouse careers service that helps students draft their Curriculum Vitae, and assist with interview skills. We also provide assistance in securing work placement opportunities.

Brehon Law Internships

Each year a number of our students complete a summer internship in Philadelphia. This is organised in conjunction with the Philadelphia Brehon Law Society.

The students work in judge's chambers and get the opportunity to attend events, network and get a taste of a different judicial system.

Free Legal Advice Clinic (FLAC)

Our free legal advice clinic provides students with an opportunity to work alongside professionals in providing legal advice to staff and students in the College.

Griffith College Innocence Project

Griffith College offers students the opportunity to earn credit towards their degree by working with the Innocence Project, which is housed on-site at Griffith College. There, students work under the close supervision of practising solicitors and barristers to help to analyse case materials and to liaise with clients with a view to exonerating those clients who may have been wrongfully convicted.

Start-Ed Programme

Griffith College Law students also enjoy access to the Start-Ed Programme The StartEd Programme is a forum in which students, startup businesses and professional legal advisors come together in clinics for free one-to-one advice from leading legal advisors. Students selected get to sit in on the advisory sessions and, while in College, get real-world experience which can later enhance their career prospects

Judge in Residence

The Hon. Mr Justice Clarke, the current Chief Justice of Ireland, has been the Judge in Residence in Griffith College since 2010. This means he provides a link between members of the judiciary and the academic legal community at Griffith College

LL.B. (Hons)

About the Course

LL.B. comes from the Latin – Legum Baccalaureus-Bachelor of Laws. A highly focused discipline, law examines how groups and individuals regulate their relationships. With the LL.B. (Hons), students can tailor their degrees to suit their interests with a combination of core legal modules in each year of study along with a range of elective practically-orientated modules in the second and third years. Assessment is by means of written assignments combined with end of term examinations.

Our panel of experienced Law Lecturers, many of whom are practitioners in their field, provide intensive assignment and exam feedback sessions to all students on an individual basis. In order to support students in their studies, the Griffith College Library has extensive facilities and is a subscriber, for example, to Lexis Nexis, Westlaw UK and Westlaw.ie, some of the world's premier legal research engines. Griffith College also facilitates web-based LLB learning on Moodle, the student intranet system.

The College Moodle system also allows for ongoing contact and engagement between students and their lecturers outside of formal teaching times by providing facilities such as an online student discussion forum for each class.

Course Delivery

The course is available both full-time and part-time and runs from September to May and both programmes can be completed in three years.

Full time degree consists of up to 16 lecture hours per week. Extra time is allocated to assignment work and to the vital independent study that shapes attitude, deepens understanding, and provides students with practical exposure to problem-solving.

Part time students will have classes two evenings per week from 6pm to 10pm with some weekends.

Apply direct: www.griffith.ie

Progression

The LL.B. (Hons) Programme aims to develop a learner's critical capabilities to the fullest, to enhance their communication skills and capacities and develop their clinical skills.

At the outset, graduating with the Griffith College LL.B. (Hons) degree will prepare you to undertake the Law Society of Ireland's entrance examination. As the first College in the non-University sector to have its degrees recognised by the Honorable Society of the King's Inns for the purpose of admission to its annual entrance exams, graduating with the Griffith College LL.B. (Hons) Degree allows you to progress to the five entrance exams of the Honorable Society of King's Inns and to complete the Barrister at Law degree in just one year.

For those wishing to pursue postgraduate opportunities, the LL.B. (Hons) provides a foundation for a Masters programme in Law (LL.M.). Many of our graduates go on to complete an LL.M. in an area of their choice. Griffith College also offers a range of LL.M Programmes.

An LL.M. is a great foundation to a PhD and can be completed by classes or research. The LL.B. (Hons) Degree also lends itself to stimulating career opportunities across a range of areas including Journalism, Media, Finance, Public Administration, Human Rights and Commerce.

It has been crafted and refined by the seasoned input of distinguished academics and professionals as well as the College's expert full-time and associate lecturing staff. The degree combines academic depth with legal training to industry standards to provide students with a solid foundation for their future careers.

Course Content

Students will study core subjects and pick electives allowing them to tailor their degree. This allows the student to focus on key areas that they are interested in such as criminal law, family law or corporate law.

LL.B.

(Hons) (via Blended Learning)

DUBLIN

Entry Requirements

Students must have a good quality laptop with a functioning webcam, an external microphone headset, access to high-speed broadband, and, importantly, the motivation, discipline and commitment to work as independent learners.

About the Course

The undergraduate law programme is an innovative and interactive teaching and learning experience, delivered through a combination of online and classroom-based learning. Each course is conducted via weekly online lectures and activities to be reviewed at the learner's convenience, alongside these are weekly assigned reading, in addition to this are periodic tutorial-style live "webinars" via conferencing technology and classroom-based workshops, or 'live' days, which take place on Saturdays twice a month generally, though the frequency can change depending upon individual workload and the level of the programme.

The LL.B. (Hons) programme delivered via blended learning is fully comparable to the full-time and parttime programmes at Griffith College and only the mode of delivery differs, providing learners with professional or personal commitments, and those living outside of the greater Dublin area, with a more flexible offering.

This course is validated by QQI at Level 8 on the National Framework of Qualifications and content and assessment are identical to the full-time and part-time LL.B. (Hons) programmes.

Students visit the Dublin campus on a monthly basis for 'live' days for each course, and, they have access to all facilities provided to full-time and part-time students, as well as the option of participating in the wide range of extra-curricular activities undertaken by full-time and part-time law students at Griffith College, such as mooting, debating, FLAC and the Law Society.

Apply direct: www.griffith.ie
Course duration: **3 years**
Award Level: **Level 8**
Validated by: **QQI**

Course Delivery

LL.B. (Hons) students studying via blended learning will engage with both virtual and classroom-based learning environments, providing them with both legal knowledge as well as the computer skills necessary to excel in the modern-day workplace upon completion of their studies.

Weekly pre-recorded video lectures are supplemented with weekly Moodle activities to reinforce learning, such as conducting research for contributions to a discussion forum, a topic glossary or discussion-based topic page, as well as undertaking online quizzes and contributing to blogs on subjects covered. Students are also assigned weekly reading based on the lecture topics.

Fortnightly live "webinars" mentioned are virtual tutorials between students and their lecturer using video-conferencing software and enable learners to engage with lecturers on topics covered, facilitating student presentations, debates and even moot courts online. Students attend campus for 'live' days for each course on a monthly basis generally; 'live' days consist in structured discussions and activities, such as group or project work, or Q&A sessions with lecturers.

Progression

Graduating with the Griffith College LL.B. (Hons) degree will prepare you to undertake the Law Society of Ireland's entrance examinations.

As the first college in the non-university sector to have its degrees recognised by the Honorable Society of the King's Inns for the purpose of admission to its annual entrance exams, graduating with the Griffith College LL.B. (Hons) Degree allows you to progress to the entrance exams of the Honorable Society of King's Inns.

For those wishing to pursue postgraduate opportunities, the LL.B. provides a foundation for a Masters programme in Law (LL.M.). Many of our graduates go on to complete an LL.M. in an area of their choice. Griffith College also offer a range of LL.M. Programmes.

The LL.B. (Hons) degree also lends itself to stimulating career opportunities across a range of areas including journalism, media, finance, public administration, industry and commerce. It has been crafted and refined by the seasoned input of distinguished academics and professionals as well as the College's expert, full-time and associate lecturing staff. The degree combines academic depth with legal training to industry standards, to provide students with a solid foundation for their future careers.

Course Structure and Content

Flexibility is offered to LL.B. (Hons) students studying via blended learning, who have the freedom to access course content at their convenience alongside comparatively fewer obligations to attend campus than those of part-time and full-time students.

Diploma in Legal Studies and Practice (Special Purpose Award)

Entry Requirements

Applicants should be over 23 years of age on the 1st January in year of admission. Applicants under 23 years of age must meet the standard entry requirements for a Level 7 programme (Min. 5O6/H7s). They are also assessed on the basis of work experience and may also be interviewed in advance of admission.

About the Course

Griffith College Law Faculty offers this programme on a part-time basis over one or two academic years. The programme runs over three evenings per week and is available onsite and via blended learning, where all lectures are recorded and available online.

Every module runs over five teaching weeks, followed by two reading weeks and a week of examinations. Assessment varies from module to module and comprises of a combination of assignments, workshops and examinations. All students will attend examinations and also practical workshops held for the more skills-based modules.

Once you successfully complete all twelve modules you will be awarded a Diploma in Legal Studies and Practice, validated by QQI and endorsed by the Irish Institute of Legal Executives. Diploma graduates are eligible for enrolment as Associate Members of ILEX, and all participants are eligible to become Student Members of the Institute.

Course Delivery

All lectures are recorded and uploaded onto our intranet called Moodle. You can view these lectures when you want and as often as you like. All course materials are also uploaded onto Moodle for you to access, as well as any practical exercises which take place during class time.

All students must attend a practical three-hour weekend workshop in the following modules: Professional Ethics and Skills for Practice, Civil Litigation, Criminal Practice and Procedure, and Conveyancing. This provides a blended approach to learning which works excellently and provides educational opportunities to many to train as a Legal Executive.

Progression

Students who complete the DLSP may go on to join the second year of the LL.B. (Hons) Programme.

On completion of the DLSP students with requisite legal experience may apply to become legal executives. Legal Executives assist in the processing of legal matters with solicitors and barristers in the courts of Ireland and within other areas of commercial and legal practice.

Course Content

Students may complete the course over one or two years.

BLOCK 1	BLOCK 2	BLOCK 3	BLOCK 4

Certificate in Legal Studies

Entry Requirements

Min. 5O6/H7s in the Leaving Certificate, to include English or, four GCSE passes at grade C to include English plus one pass at A-level.

About the Course

The Certificate in Legal Studies aims to equip students with foundation knowledge of the concepts and principles pertaining to the core areas of Irish law and to cultivate skills that will help them to transfer into the work place in an administrative position within a legal firm or other business, or other office-based roles within law enforcement, or the public sector.

The Certificate in Legal Studies is unique as it places an emphasis on various modes of assessment in order to foster the skills of communication, both oral and written (independent thinking and self-directed learning) that are required to succeed in an increasingly competitive jobs market. This course is ideally suited towards students who favour continuous and alternative assessment over the exam-based assessment through written examinations.

Students will undertake a range of skills-based subjects in addition to the legal subjects including IT Skills, Personal and Career Development, and Learning and Research Skills. Additionally, students will have a compulsory Work Placement module to place them in a strong position if they move into the work force. Alternatively, learners may proceed to further study.

Apply direct: www.griffith.ie
Course duration: **1 year**
Award Level: **Level 6**
Validated by: **QQI**

Progression

The Certificate in Legal Studies offers a stand-alone qualification to enable graduates to enter the workplace.

It also equips the graduate with the skills necessary to successfully participate in the suite of level 7 and 8 programmes offered by the Law Faculty, if they choose to proceed to further academic study on the National Framework of Qualifications.

Course Content

Semester I: Introduction to the Irish Legal System Learning and Research Skills, Personal Development, Introduction to the Law of Tort, Introduction to the Law of Contract, I.T Skills

Semester II: Introduction to the Irish Legal System, Introduction to Land Law, Work Placement, Introduction to Criminal Law, Introduction to Constitutional Law, Professional Development

“Griffith College has unlocked and opened up so many opportunities for me. In addition to this, the Certificate in Legal Studies has given me the foundation and knowledge to move forward in both my career and education. Being able to study and discover new aspects of law, has spurred on my passion to achieve my goals and ambitions!”

Molly Grundy, Certificate in Legal Studies

Certificate in Legal Practice (Special Purpose Award)

 DUBLIN

Entry Requirements

Applicants will hold a legal qualification at levels 6 to 8 of the NFQ. It is anticipated that the majority of learners will also have some prior legal experience.

About the Course

Griffith College Law Faculty offers this programme on a part-time basis over one academic year. The programme runs over one evening per week and is available onsite and via blended learning, where all lectures are recorded and available online. Every module runs over five teaching weeks, followed by two reading weeks and an examinations week.

Assessment comprises of a combination of assignments, workshops and examinations. All students will attend examinations and also practical weekend workshops. Once you successfully complete all four modules you will be awarded a Certificate in Legal Practice, validated by QQI.

Course Content

BLOCK 1	BLOCK 2	BLOCK 3	BLOCK 4
Professional Ethics and Skills in Practice	Civil Litigation	Conveyancing	Criminal Practice and Procedure

Course Delivery

Certificate in Mediation (Special Purpose Award)

 DUBLIN
 CORK

About the Course

This programme runs on a part-time basis over two semesters. The lecturers are experienced mediators, academics and conflict management trainers with many years' experience in both practice and training.

The graduates of this programme will be eligible to apply to The Mediators Institute of Ireland (The MII) for membership. The faculty will provide much pastoral care and career support.

The overall aim of this Special Purpose Award is to ensure that the learner will be a highly effective and self-reflective mediator with advanced knowledge of the principles of mediation and the mediation process. By enabling participants to gain an in-depth understanding of the concepts and methods underlying the development and use of mediation, the programme seeks to actualise their ability to implement the skills to practice.

Furthermore, the programme seeks to equip the graduate with an awareness of the impact of conflict behaviour on mediation, both from the mediator and third party perspective. Teaching and assessment will emphasise the necessity of inherent emotional intelligence in this regard on the part of the mediator.

It is sought to inculcate this by introducing the learner to both academic reading and structured self-reflection on the area.

By including the Conflict Dynamics Profile-Individual (CDP-I) within the programme as a personal profiling and self-reflection tool, learners get valuable insights into their own current traits as mediators and the potential impact of conflict triggers on themselves and others.

Finally, the programme has the further objective of demystifying the law surrounding mediation in order that the learner may embark upon a career involving the use of mediation within their work place.

Course Delivery

The Certificate in Mediation is delivered over the course of seven months, on Saturdays with a three week interval between workshops.

Course Content

The Certificate in Mediation comprises three core modules;

- 1. Introduction to Mediation and Conflict**
- 2. Mediation Ethics and Legislative Framework**
- 3. Mediation in Practice**

Progression

The knowledge, skills and competencies developed in the area of mediation will be transferable to both mediation practice and further postgraduate studies. This is not confined to the area of law and dispute resolution but can transfer into business, social studies, community affairs, human resources, management and across any area of life where conflict may arise.

Learners who complete this programme will have a range of skills that will be attractive across sectors as a result of acquired skills such as critical thinking and evaluation, ability to self-manage and self-evaluate, independent learning, conflict management, communication, active listening and mediation.

The skills acquired on this programme help the graduate become a more effective communicator and resource in any workplace. The mediation industry is becoming established in Ireland and the robust nature of this qualification will give a graduate a unique selling point as compared with other non-academic programmes designed to accredit mediators.

“ I was an older student being over 30 years since I attended college, so naturally I was a bit apprehensive. The lecturers we had were excellent, the help we got on every module was very hands on. In my view mediation is the only way to resolve disputes and conflicts between two parties. ”

Tom Ruddle, Certificate in Mediation.

Computing Science

“ The BSc (Hons) in Computer Science changed my entire view on learning, and my understanding of technology. My course is heavily Java based, with this in mind the course itself is challenging at times but always has exciting elements to it. I think this is due to all the technologies (new and old) we learn about and how they were and are going to be used. The skills that I am learning will be extremely beneficial in the future when I seek employment. ”

Daniel Boyle,
BSc (Hons) in Computing
Science graduate

Courses

BSc (Hons) in Computing Science

BSc in Computing

Best Bits of Computing

Work Placement

The full-time BSc (Hons) in Computing Science allocates a 6-month work placement in its third year enabling students to gain invaluable experience in an I.T. related work environment.

High Academic Profile

The Computing Faculty lecturing staff have a high academic profile with PhD holders distinguished in their fields.

Small Class Sizes

A good student / lecturer ratio ensures that students will get the mentoring and one-to-one attention required to maximise their learning.

6

Awards

Winner of Robocode Ireland Championships 2008. Second place in the Irish finals of Microsoft Imagine Cup 2011.

Industry Guest Speakers

Renowned industry speakers share their insights into the fundamentals of Computing Science, the I.T. industry and offer students invaluable career advice.

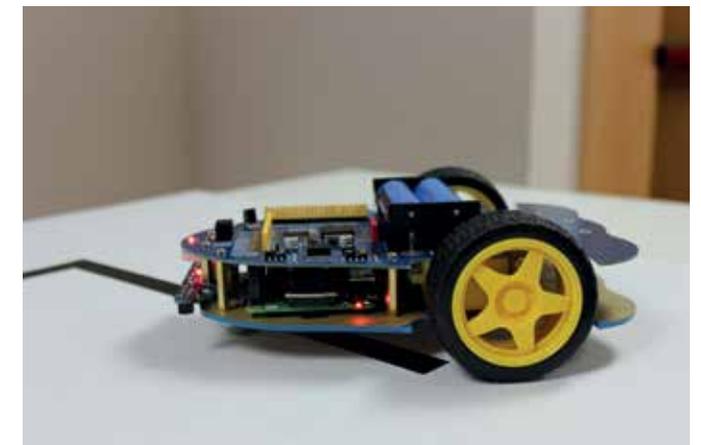

Subject Specialisation

Individual subject certification is available throughout the faculty, thus allowing students to specify in areas of interest.

“ Having earned my degree from Griffith College Dublin, I feel the strongest skill gained from the course was the versatility to approach a multiplicity of computing disciplines with confidence and enthusiasm. ”

Kevin Jordan
BSc (Hons) in Computing Science

BSc (Hons) in Computing Science

-  DUBLIN
-  CORK
-  LIMERICK

About the Course

This honours degree programme is designed to turn students into experts in the application of Computing Science. The course has the capacity to reflect and adapt to both technical and market developments. The content and skills taught are relevant to the current and emerging job opportunities in the industry. In Year 3, students must complete four taught modules and a 6-month work placement in the computing industry. The work placement experience serves two purposes.

Firstly, it provides you with invaluable work-related computing experience, allowing you to draw on this experience during Year 4. Secondly, it significantly increases your attractiveness to potential employers.

Students working in the industry and pursuing the evening programme may be granted an exemption from the work placement stage, depending on the nature of their employment experience.

Students are required to complete a number of significant software development projects throughout the programme. These projects have a strong industry focus and help consolidate and reinforce knowledge acquired from taught modules.

Year 4 Elective Modules

In Year 4, students are given the opportunity to specialise their degree by selecting a set of elective modules to focus on.

The elective modules reflect the areas that are currently in demand in industry in Ireland at the moment; Cloud Computing, Machine Learning, Internet of Things, Cyber Security and Software Development. This allows students to gain the broad experience of Computing Science while fast-tracking their skills for industry.

Apply direct: www.griffith.ie
 Course duration: **4 years**
Full-Time and Part-Time
 Award Level: **Level 8**
 Validated by: **QQI**

Progression

Once completed, students can consider further study options here at Griffith College, in the form of an MSc in Computing Science (offered on a full/ part-time basis), or at other institutions worldwide.

Selected module content covers professional course material (granted by CISCO) which provides our students with sufficient knowledge to undertake professional qualifications, should they wish to do so.

Careers

Our graduates are working as assistant software project leaders, computer technology consultants, MIS (Management Information Systems) personnel, software engineers, systems analysts, applications programmers etc., across a wide range of industry sectors.

Programme structure

Full-Time Programme

The following table shows the subjects in each semester and the programme streams into which they fit.

YEAR/ SEMESTER	SOFTWARE DEVELOPMENT MODULES	COMPUTER SYSTEMS MODULES	BUSINESS SOLUTIONS & DESIGN MODULES	COMPUTATIONAL MATHEMATICS MODULES
1/I	Computer Programming Client-side Web Development	Computer Hardware	Effective Learning & Development Systems Analysis & Design 1	Foundations of Computing

Year 4

Full-Time Programme

Students take 4 core modules and 3 elective modules in Year 4 of the programme.

Core Modules

- Distributed Systems
- Advanced Network Theory
- Mobile Development
- Software Development Project.

Elective Modules

- Artificial Intelligence & Robotics
- Data Analytics and Visualisation
- Cyber Security & Ethical Hacking
- Internet of Things (IoT) / Sensor Networks
- Machine Learning
- Managing Big Data
- Cloud Services & Platforms
- Practical Networking
- Computer Graphics
- Emerging Technologies
- Games Development
- Digital Forensics

BSc in Computing

-  DUBLIN
-  CORK
-  LIMERICK

About the Course

This degree programme aims to develop the skills and competencies required for the effective design of software systems. The course introduces students to a broad range of problem-solving techniques, all of which are directly applicable to the range of IT problems that arise in commercial settings. Students have the opportunity to work in teams as well as on solo projects. In the final year, students will complete a group project that usually focuses on the emerging area of the Internet of Things (IoT). Students also complete a professional certification in their final year (LINUX Certification)

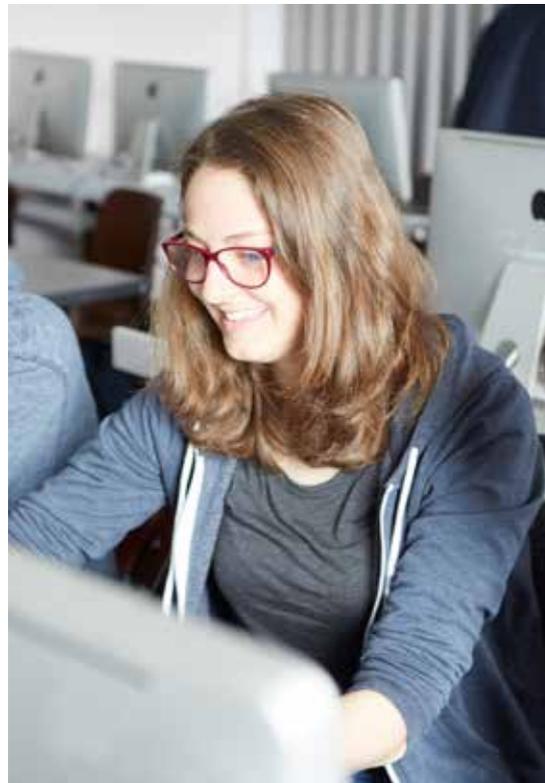

Students who wish to exit after successfully completing Years 1 and 2 may do so and be awarded a Higher Certificate in Computing (QQI).

Progression

On successful completion of the Level 7 degree with a 60% average, students may apply for the final year of the BSc (Hons) in Computing Science in Griffith College or external institutions.

Careers

Following this course, graduates will be able to work as assistant software project leaders, computer technology consultants, MIS (Management Information Systems) personnel, software engineers, systems analysts, applications programmers etc., across a wide range of industry sectors.

Best Bits of Journalism & Media Communications

Whether it is driving social media content, creating your own MoJo TV reports, producing film documentaries, recording live radio broadcasts and podcasts, or photographing and then digitally editing great images Griffith's media and communications courses have the answer.

If you want to write the articles, posts and tweets that get people talking, and learn how to ask the questions that matter, Griffith's media and communications courses are the right fit for you.

Check out our students' work:
www.thecircular.org

You can also browse through the graduate photography albums on Facebook, view our students' work in progress and keep up to date with our student successes.

Griffith College Photography

1

Industry Links

Lecturers in Griffith's Journalism & Media Faculty are drawn from across the media and communications industries. Many are successful freelance professionals in film, photography, journalism in radio, TV, print and online.

2

Choose your field of study

With degree programmes in Communications, Journalism, Media Production, Photography and Film & TV Production, the media career you've dreamt of is in your grasp. We offer progressive courses, focusing on both traditional and digital media, and our students thrive in the workplace thanks to their employable skillsets.

You can move across the full range of these disciplines from recording and editing your radio interviews, doing live broadcasts, producing your own film documentaries, Vlogs, MoJo pieces, developing a range of photographic skills culminating in a graduate exhibition where previous students have won national awards in radio, magazine, photography and video production.

3

Practical courses

Students will also be setting up their own online presences through blogs, website design and other online social media. You can conduct your own investigations, publish magazines and newspapers and in doing so, follow the path of many other successful journalists, communications and media professionals. Media moves our world, whether it is social, digital, old or new, visual, print, online or radio.

4

Facilities

On-campus radio station, broadcasting studios (1 on-air and 1 off-air), 4 photographic studios, 2 dark rooms, 1 TV and video studio, 1 sound engineering studio, 2 multimedia production rooms, multiple student publications.

6

Successful Alumni

Graduates have worked in RTE Radio, Today FM, Spin, Newstalk, FM104, Ocean FM, Shannonside, RTE TV, TV3, Shinawil, NBC, Facebook, Google, Setanta, Journal.ie, Joe.ie, Boards.ie, Hubspot, the Irish Star, Sun, Mail, Mirror, Independent, Times, Telegraph, Image Magazine, Fleishman Hilliard, Modern Green, Teneo PSG, Publicis, Vizeum as well as communication roles in NGOs like Samaritans, Women's Aid, Headline, Goal and Plan International.

Many Griffith alumni are found across the magazine sector, other regional commercial radio stations and weekly newspapers. A number of graduates are professional contract photographers, or work independently in the film & TV sector.

5

Employability

A media course at Griffith College will give you the edge to succeed and take on the challenge of entering the growing communication and creative sector in Ireland and internationally. Employers recognise the can-do attitude and professionalism of Griffith graduates. Students are assured of excellent teaching practices, using industry standard techniques and technologies. Students on our QQI validated Journalism, Media and Photographic courses are also entitled to student membership cards from the National Union of Journalists, which recognises the courses for professional training purposes.

7

Student Media Competitions

Griffith College consistently excels at the Smedia awards, Ireland's national student media awards. In 2019, 12 Griffith students were shortlisted in nine categories, Griffith won three Smedia awards and 26 students were nominated. The 2019 students won Best Photographer and Small College Publication of the Year.

BA (Hons) in Communications and Media Production

 DUBLIN

About the Course

Social media, TV, MoJo, radio, photography, print: what media or communication path are you considering? This honours degree allows students to develop their own media skillsets.

We produce communications graduates who are versatile, confident and able to work across the media spectrum. From a multimedia and academic grounding in year one, students can develop their own study pathways, whether it is mobile, social and digital media, photography, radio, investigative journalism, TV or video. Students can become broadcasters, reporters, documentary makers, professional photographers, online and social media specialists and also progress to postgraduate study.

Progression

Graduates of this course have gone on to study one of the three specialist media MA's offered by Griffith College, as well as pursuing other postgraduate options at prestigious academic institutions across Britain and Europe.

Careers

Graduates have many career options. Successful students have worked as journalists, researchers, presenters and producers in print and broadcast media. Others are working as social media content creators, digital marketing executives, content managers and creators.

The course also prepares you for employment in areas where visual media or multimedia skills are in demand, including video production, photography, web design, graphics production and design, social media, and the vast demands for media content creation skills online.

Course Content

STAGE 1

Digital online & Social Media Production, Photography 1, Understanding Society, Thinking, Writing, Presenting, Video Production 1, Communications History, Media Law & Ethics, Media Studies, Radio Production 1, Writing for Media.

STAGE 2

Core Subjects:

Stage two builds on the learning from Stage 1 and expands on the core elements. It allows learners to specialise in visual or content productions. Learners are presented with an elective stream choice, as between two groups of three modules, termed Stream A or Stream B.

The core modules at stage 2 are: Business of Media, Contemporary Politics, History of Art & Photography, Research Methods, Video Production 2.

Stream A (Journalistic Media)

Media Reporting & Editing, Radio Production 2, Investigative journalism.

Stream B (Visual Media)

STAGE 3

Core Subjects:

Contemporary Society 2, Dissertation, Sociology of the Media, Media Research & Cultural Studies.

Stream A or B

Creative Writing 1, Creative Writing 2, Film Studies, Public Relations, Video Production 3: TV Studio Principles, Writing for Games.

Stream A only

Conflict Reporting, Shorthand, Sports Journalism, Investigative Journalism 2, An Iriseoireacht sa Ghaeilge / Irish Language Journalism, Online Media Production.

Stream B only

Commercial Photography, Media Exhibition.

BA in Communications

 DUBLIN
 CORK

About the Course

In this three-year programme students learn to work in real communications and journalistic situations – in print and broadcasting – over the course of six semesters. NUJ recognition entitles students to a student NUJ Card.

Students learn a range of media production and academic skills including TV and radio production, and writing content for all media. Learners also develop photography skills, alongside learning about the society that students will create media for.

STAGE 1

Students acquire introductory communication and journalism production skills and also learn about the history of media and about how society has adapted to systems of media communication. Students will also gain an introductory understanding of social structures.

Students learn how to present a message and how to present themselves professionally. They will also develop their capacity to write professionally and acquire introductory skills in video, radio, print and photography.

STAGE 2

Students continue to develop their writing, radio and photography skills. They begin to acquire the layout skills needed for newspaper and magazine production, while building an understanding of the ethical and legal dimensions to media work.

We develop the students understanding of contemporary political and social issues while there is a deeper focus on writing and presentation culminating in a more rounded multi-skilled student.

Apply direct: www.griffith.ie
Course duration: **Full-Time 3 years**
Award Level: **Level 7**
Validated by: **QQI**

STAGE 3

More video and TV journalism skills are added, with the student specialising in key news media areas such as reporting, feature writing and investigative journalism. Modules like Media Studies, Research Methods, History of Art & Photography as well as Understanding Audiences, give the students a greater critical and academic depth as they approach graduation.

Progression

Further study is an option for students who successfully complete this course; the logical step is to take the final year of the BA (Hons) in Communications and Media Production.

Careers

There are good employment prospects for graduates. There is significant growth in the general Irish media and communications sector, particularly in online news media and social media. The performance and resilience of local radio stations and regional news media publications alongside a dynamic magazine and TV sector also offers many entry level opportunities for graduates as does the growing online communications sector.

Course Content

STAGE 1

Digital, Online & Social Media Production, Mobile Media, Photography 1, Thinking, Writing & Presenting, Understanding Society, Communications History, Cultural Journalism, Radio Production 1, Writing for Media

STAGE 2

Contemporary Politics, Media Production, Photography 2, Radio Production 2, Media Law and Ethics, News Reporting & Feature Writing, Understanding Narrative, Shorthand or Writing and Presentation Skills.

STAGE 3

Business of Media, Investigative Journalism, Media Reporting and Editing, Video Production 1, History of Art and Photography, Media Studies, Research Methods, Video Production 2

BA in Film & TV Production

DUBLIN

About the Course

The BA in Film & TV Production is a practical programme with an emphasis on project-based learning. Delivered in association with Pulse College, this course is aimed at learners who have already started to experiment with film-making, writing for screen or visual storytelling in some capacity. Applicants will have a passion and curiosity for film, television and screen media. This course develops the essential practical skills and knowledge required to work in the dynamic area of film, television and screen media production. It is a balance between practical skills, technology and creativity.

Our multi-disciplinary teaching team of academics and industry practitioners provide learners with transferable real-world skills and competencies to progress into industry.

Facilities

Learners on the BA in Film & TV Production avail of; a fully equipped multi-camera live broadcast TV Studio for vision mixing and broadcasting live studio programmes; a green-screen studio for CGI and VFX work; graphics labs for compositing and motion graphics; offline editing labs for content post-production; colour correction suits; and broadcast standard camera, lighting and grip equipment for single camera and multi-camera on-location documentary and drama production.

Course Content

STAGE 1: FOUNDATION

On completion of this stage, learners will have a fundamental understanding of digital cinematography, sound and editing and the associated software, hardware and equipment. Learners acquire this knowledge through the production of short

Apply direct: www.griffith.ie
Course duration: **Full-Time 3 years**
Award Level: **Level 7**
Validated by: **QQI**

documentary and drama projects in Year 1. Modules: Production & Direction for Film & Television, Digital Cinematography, Applications Technology, Location Sound, Digital Photography, Film History, Screenwriting, Film & Televisual Culture, Online Screen Media.

STAGE 2: DEVELOPMENT & INTEGRATION

During this stage of the programme, learners develop a deeper understanding of the practical and theoretical aspects of film production. During the year, learners work collaboratively to produce short fiction films while also directing individual documentary projects. Learners hone skills in practical production and post-production while also being introduced to VFX and 'as live' TV studio broadcast. Modules: Production & Direction for Film & Television II, Digital Editing for Film & Television, Advanced Audio & Postproduction Sound, Contemporary Film & Television, Applied Digital Cinematography, Advanced Screenwriting, VFX for Film & Television, Television Studio Principles, Film & Televisual Culture II, Industry Skills & Professional Practice.

STAGE 3: CONSOLIDATION & SPECIALISATION

The final year of the programme is an opportunity for learners to consolidate and showcase their skill set while specialising in areas of specific interest. The culmination of Year 3, and the programme, is the Major Project, allowing learners full scope to integrate their skills and personal perspectives to a professional standard. Modules: Major Project, Independent Project, Marketing, Distribution & Exhibition, Film & Visual Culture, Advanced VFX, Research Methods. Elective Choices: Screenwriting for Features & Television, Advanced Digital Editing, Advanced Post-production Sound, Image Mastering & Grading, Advanced Cinematography.

Progression

Successful graduates of this programme are eligible to be considered for entry onto the final year of the BA (Hons) in Communications and Media Production

Career Progression

Graduates will be in a position to enter the film, television and screen media industry working in any of industry's principle disciplines i.e. research, development, writing, screenwriting, directing, editing, cinematography, sound recording & design, location sound, VFX and all roles on a production team.

“ The fact that the lecturers are filmmakers is much more beneficial because they have that on-the-ground experience. It speaks volumes for the course and what you learn from it. ”

Ali Halford, BA in Film & TV Production

BA in Photographic Media

 DUBLIN

About the Course

This award winning course will provide you with technical, theoretical and professional skills. This course offered is a three-year full-time basis or three-year part-time basis. Our course will help you to build a strong creative practice with sound theoretical understanding to develop your own personal style; while many genres of the medium are explored it has a distinctly commercial bias.

During your studies, you will enjoy a whole range of photographic processes; including traditional analogue and digital technologies. Throughout the course our students present their work and ideas to their peers; this enables their ability to pitch to clients, develop professional confidence and provides an excellent springboard for their careers. Applicants should have a passion for photography and be motivated to explore the creative applications of this medium.

Equipment

We provide a range of equipment for students to avail of in order to complete their course work. We have a number of digital cameras and have recently added full frame DSLR's and two large format professional Epson printers to our inventory.

In stage II students make full use of large format cameras, which can be used in our studios or taken out on location. We also have flashes, lenses, portable studio light kits, medium format cameras and tripods available for loan.

Facilities

- 2 Dark Rooms, 2 Processing Rooms
- 4 Studios, 1 Print Finish Room (2 x Epson Stylus Pro 4900),
- 1 Mac Room for editing and scanning

Certificate in Photography

 DUBLIN

About the Course

Photography is one of the most powerful communication channels and its importance continues to grow in the area of information technology. The course takes students, many of whom have little or no expertise in the area, to a high level of photographic knowledge and technical skills within the photographic industry.

Alternatively, many students choose to continue with further study and advance into year two of our BA in Photographic Media. The first semester focuses primarily on the technical and historical aspects of photography. Students will build competence and confidence in the usage of camera controls and darkroom techniques, providing with a sound understanding of light and exposure.

Having grasped camera techniques and exposure in semester one, students will then move into studio lighting techniques, most notably learning how to light for portraits and still life commercial purposes.

Overview of Equipment

We provide a range of equipment for students to avail of in order to complete their course work. We have a number of digital cameras and have recently added full frame DSLR's to our inventory. Cert students who wish to progress on to year two of the degree can make full use of our large format cameras; which can be used in our studios or taken on location.

Students may also borrow flashes, lenses, medium format cameras and tripods and more besides from our technicians. Students work and mingle in our print finishing room which has iMac's colour calibrated to two Epson Stylus Pro 4900's.

Apply direct: www.griffith.ie
 Course duration: **Full-Time 1 year**
Part-Time 1 year
Special Purpose Award
 Award Level: **Level 6**
 Validated by: **QQI**

Progression and Careers

Graduates of this course may advance to further study at degree level and can enter directly into stage II of our BA in Photographic Media. A number of graduates have successfully set up their own studios and are actively gaining work in the commercial and social genres of the industry, whilst most prefer to continue their studies and benefit from gaining a recognised qualification after one year.

Course Content

- Photographic Techniques
- Practical Photography
- Ways of Seeing
- Thinking & Writing for Creatives
- Workflow & Post-Production
- Applied Photography
- History of Art & Photography

Why Study With Us?

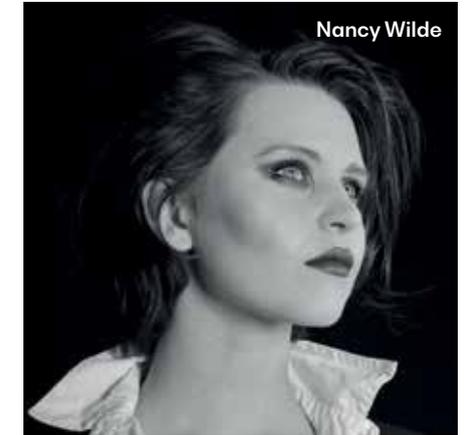

- We have expert photography staff with decades of industry and teaching experience who create a stimulating learning environment.
- We offer a welcoming and collegiate learning experience.
- The CERT in Photography is a great building block and platform to the BA in Photographic Media.
- We encourage and support our students both in the classroom through participative critique sessions, workshops and by publishing student and graduate work online.
- We have great industry links; opportunities arise during the course for our students to gain real-world experience and network.

Success

Recent students have won prestigious photographic awards, including one of our Certificate students who was selected for the RDS Visual Arts Award. This particular piece of work sold three times at the exhibition.

Certificate in Music Production for Games

DUBLIN

Delivered in association with Pulse College and Windmill Lane Recording Studios.

About the Course

With the continued growth of the games industry in Ireland, Griffith College, in partnership with Pulse College deliver a Certificate in Music Production For Games programme, designed to give you the very best foundation for entry into this booming industry.

Learners will benefit from an unrivalled opportunity to rapidly advance their academic training at Griffith College, while gaining hands-on experience in the leading commercial environment of Windmill Lane Recording Studios. The one-year programme embraces learners from a variety of musical backgrounds. Focus will be on developing creative strategies by underpinning practical and theoretical knowledge of games music production techniques through creative assignments and industry relevant projects.

By studying game development and game interactivity, learners gain a deep understanding of how games are created and the crucial role music plays in modern day games.

The programme features production skills, composing techniques, recording techniques, sequencing, sampling and sound processing. As part of the programme, learners will be prepared for professional industry certification from Avid Pro Tools and Apple Logic Pro. Such accreditation is currently recognised as a prerequisite for employment within industry.

Careers

The skills gained throughout this course will allow you to move into a variety of careers within the creative industries, including music and audio production for games and other visual media formats.

This versatile and imaginative course, taught by industry professionals, can develop students' potential to the full. At the end of the programme, you will have built up an extensive portfolio demonstrating expert technical, artistic and professional abilities, giving you the cutting edge needed to gain employment in this exciting and varied industry.

BA (Hons) in Music Production

DUBLIN

Delivered in association with Pulse College with classes taking place in the iconic Windmill Lane Recording Studios

About the Course

Griffith College is delighted to announce its partnership with Pulse College, to jointly deliver an honours BA in Music Production. The programme has been designed by music industry professionals and provides a uniquely relevant career development path for music producers.

For over 30 years, Windmill Lane Recording Studios has been host to international clients such as U2, Lady GaGa, The Script and The Kings of Leon. Its iconic Studio 1 has recorded soundtracks for The Mask, Mission Impossible, Riverdance, Lord of the Dance and World of Warcraft.

This powerful collaboration between Griffith College and Pulse College gives those who undertake the BA (Hons) in Music Production an unrivalled opportunity to combine their academic development with direct professional recording experience in a leading commercial environment.

The programme provides students with an advanced understanding of music and sound and its manipulation. Lab, studio and recording training provides students with detailed competencies in relation to the professional application and management of music production, studio recording and music technology. Students also gain an in-depth understanding of how the music industry is operated and controlled.

Apply direct: www.griffith.ie
Course duration: **Full-Time 3 years**
Award Level: **Level 8**
Validated by: **QQI**

This programme embraces learners from a variety of musical backgrounds who are looking to broaden their knowledge and skills base. Our hands-on approach gives students the opportunity to direct their studies into areas of personal interest and professional relevance.

This personalised development of the students' creative strategies and theoretical knowledge is achieved through creative individual assignments and exciting professional client based projects. This distinctive feature of this programme is where students earn an additional 30 ECTS credits of their honours degree programme while working with these clients in the studio environment. This accreditation of industry standard practical applications provides a more holistic and systematic approach to learning and ensures that our graduates have the expertise required for the cutting-edge, creative media workforce of the future.

Progression

Successful graduates of this programme are eligible to be considered for entry in to a masters degree. Your specialist skills and knowledge will enable you to find employment within music production and recording, post-production, radio, tv studios, film, gaming and animation production companies, sound design for the web and multimedia. In addition to this, graduates will have the required business skills necessary to start their own freelance practices.

Careers

Graduates have found employment in a variety of sectors within music industry.

Some of the many great artists or facilities past pupils have worked with are: Prince, Kings of Leon, 50 Cent, Snoop Dog, U2, REM, Kylie Minogue, Windmill Pictures, Brown Bag, Ardmore Studios, RTÉ, FM104, TV3, RTÉ Radio, The Apprentice, Masterchef, Little Britain, Rivercottage, Harry Potter, Casino Royale, MTV, X-Factor, The Voice, Slane, Oxygen, O2, Electric Picnic, Riverdance and Lord of the Dance.

Course Content

STAGE 1

Music Technology 1, Applications Technology, Recording Studio Principles, The Music Industry, Applications of Music Theory 1, Explorations in Music, History of Music Production, The Music Industry, Critical Listening And Audio Analysis.

STAGE 2

Music Technology 2, Music & Image, Sound Design, Applications Of Music Theory 2, Music Production & Recording 1, Research Methods, Sound for Performance, Business of Digital Media, Professional Client Project 1 (summer).

STAGE 3

Dissertation, Music Production And Recording 2 Composition For Visual Media, Mixing, Remixing And Mastering, Professional Practice, Studio Design And Installation, Professional Client Project 2 (summer).

Programme modules and content are subject to ongoing quality assurance reviews and evolve to reflect emerging educational and industry developments.

“ Great course, fantastic people and hugely valuable experiences in music and much more. I would highly recommend this course for anyone wanting to get into music protection industry ”

Amy

BA (Hons) in Audio & Music Technology

DUBLIN

Delivered in association with Pulse College with classes taking place in the iconic Windmill Lane Recording Studios

Griffith College is very excited to partner with Pulse College to deliver this brand new, unique and industry focused BA (Hons) in Audio and Music Technology program. Recording studios, Live Venues, TV, Post-Production, Live Performance – it has become an audio industry essential to be skilled in array of disciplines.

It is with these various industry disciplines in mind that we have designed a new BA (Hons) in Audio & Music Technology Programme. Aimed at musicians, DJ's, computer music hobbyists, and general lovers of music, this programme will train you with skills required for to succeed as a modern day Audio Professional.

About the Course

We will teach you how to record and produce music both in the home studio and in large recording studios. You will learn about live sound from both a performance and technical perspective.

The modern "studio engineer" can record, mix and master audio, but also help produce. Whether it is programming drum parts or string sections or even being on stage, performing with a band.

Please note you do not need to be a musician to be accepted onto this course but someone who is passionate and enthusiastic for all things music. Our students will be trained in Windmill Lane Recording studios and will also be required to put on live shows and performances throughout out the duration of the course.

Apply direct: www.griffith.ie
 Course duration: Full-Time 3 years
 Award Level: Level 8
 Validated by: QQI

Why Study Music Technology at Griffith College;

- This course is taught by passionate Industry Professionals
- Students will have access to State-of-the-Art Facilities – including access to the iconic Windmill Lane Recording Studios
- The curriculum is taught to international industry standard
- Guest Industry talks and lecturers
- Use of industry relevant software applications
- Apple Logic Pro Certified Centre and Avid Pro Tools Centre
- 24-hour studio access

Course Content

STAGE 1

Music technology 1, Applications Technology 1, Recording Studio Principles, Music for Producers 1, Live Music & Performance Technology 1, Computer Basics for A.V. Workstations, Sound Reinforcement 1, Sound Design & Foley FX, Online Portfolio (summer).

STAGE 2

Music Technology 2, Applications Technology 2, Music for Producers 2, Recording and Mixing 1, Live Music & Performance Technology 2, Research & Presentation, Sound Reinforcement 2, Sound Design & Creative Processing, Client Project 1 (summer).

STAGE 3

Dissertation by Practice, Mixing & Mastering, Professional Practice, Studio Design & Setup, Recording & Mixing 2, Audio Post Production Techniques, Sound Design for Games, Client Project 2 (summer).

“ The course is fully hands-on and each lecturer has a lot of diverse knowledge to share with all of us. All the different modules really complement each other and prepare you to be a capable Audio professional. The college provides top-class facilities and everyday I spend in college, the more passionate I feel about Audio and Music. ”
 Christian Parra

“ I always wanted to study design but I didn't know where to start. After a lot of research, I choose the Interior Architecture course at Griffith. This course really helped in advancing my career. With the assistance of the faculty, I secured an internship every summer in Dublin, including an internship at IKEA. And then when I completed 3 years, I secured a full-time job as an interior architect. I'm so glad I did this course and would highly recommend it.

Best Bits of Griffith Design

Griffith College offers a selection of courses for those seeking a career in Design. Our reputation is highly regarded within Industry and our graduates are actively sought after by employers upon completing the Programmes.

Industry Recognition

We maintain an outstanding reputation and create graduate designers who have strong creative, technology and business skills that are industry ready.

Our alumni have careers with brands and employers such as Anna Sui, Avoca, Dunnes Stores, Fee G, Gareth Pugh, Mariana Junkman, Esquire Footwear NYC, IDOL Magazine, Primark, Reiss, Rick Owens, Simone Rocha, Stylttx, Tally Weijl, Vivienne Westwood, Henry J Lyons Architects, Design Squared, RKD Architects, O'Donnell O'Neill Design.

Our students work on live projects set by companies and organisations such as Avoca, Arnotts, Heaton's, Lectra, Primark, Dublin City Council, St Luke's Hospital Rathgar. Our programmes are recognized by the European Council of Architects (ECA) and the IDI (the Institute of Designers in Ireland). The Design Faculty is a member of the International Design Education Assembly, Cumulus, IE (Interior Educators) the UK based association of Educators for the Interiors industry and Lectra's Educational Partnership programme.

Field Trips

Experiential learning is an important part of our courses, with most modules having class trips as a part of their curriculum.

Every year the faculty travels internationally and nationally to places with both current and historical design importance. Previous trips have included London, Rome, Milan, Berlin, Paris, Bilbao, Barcelona and Venice

Awards

The calibre of work produced by the Design Faculty has been recognized numerous times through industry awards and exhibitions.

Design students have won many prestigious design awards and commissions.

- Universal Design Award
- DCU Young Designer of the Year Award
- Dublin Fashion Festival Young Designer of The Year
- Frankfurt Style Award
- Golden Egg Fashion Innovation Award
- IDI Graduate Award
- Kerry Fashion Week Young Fashion Designer of the Year
- Mercedes-Benz Designer of the Year
- Ryanair Uniforms designed by Emma Collopy
- Nissan Generation Next UCD Young Designer of the Year
- Triumph Inspiration Online Voting Award
- Vodafone DIT Student Design Award
- World Expo Shanghai Exhibitors

Industry Links

The Design Faculty ensures programmes and teaching methodology remain relevant as both staff and the lecturing teams are accomplished practicing designers, architects, buyers, business professionals, marketers and art historians.

To ensure we are meeting the current needs of the industry and following best practice, our courses are regularly reviewed by industry professionals and we respond to the changing requirements of Industry in a fast and fluid manner.

Industry Professionals are regularly invited to give guest lectures and participate in award year critiques. Interior Design and Architecture Internships Interior Design students have also secured internships and full-time positions with IKEA, Douglas Wallace Architects, HJ Lyons Architects, O'Donnell O'Neill Design, HKR in Ireland as well as Norman Foster in London and Jonathan Adler N.Y.C.

Fashion Design students have been awarded internships at Alison Conneely, Avoca, Caroline Kilkenny, Dunnes, Fee G, Heaton's, Helen Cody, Helen McAlinden, Jennifer Rothwell, Joanne Hynes, Liz Quin, Louis Copeland, Primark, Percival and Stylttx.

Press and Industry Exhibition

The annual Creative showcase in May, is a platform for the promotion of our talented young designers and their work. This exciting exhibition is launched with a Press and Industry Event, which affords our graduates the opportunity to meet employers and buyers.

Guests are given a unique insight into the inspiration of the creative work of the Fashion Design graduates, allowing employers, photographers, stylists, and media to take a glimpse at the look books and meet the new talented emerging designer.

The event bridges the gap between graduation and employment and offers employment, internships and media opportunities and has featured on TV3's Exposé and in local and national media.

What Sets Us Apart

At Griffith College Faculty of Design, the curriculum includes Creative Design, Technology and Business.

We consider these to be inextricably intertwined. Our graduates are extremely well equipped to think commercially and creatively in their future careers.

The programme has been developed to meet current and emerging career opportunities within the Design industry. It also provides a platform for the learner to consider an entrepreneurial venture as a young startup business.

All our Design programmes embrace:

- 1 Creativity
- 2 Innovation
- 3 Experimentation
- 4 Realisation
- 5 Digital Technology Skills
- 6 Business and Marketing Skills
- 7 Applied Project Work

BA (Hons) in Fashion Design

DUBLIN

About the Course

The BA (Hons) in Fashion Design (Level 8) degree is a full-time, 3-year programme of study. Though the main focus is on design and creativity, the course covers all aspects of the fashion industry, which is supported with professional practice skills, including brand and marketing, business and entrepreneurship. As students gain experience with the latest fashion illustration and computer-aided design (CAD), skills such as traditional tailoring, drape and embellishment techniques are developed. This ensures our graduates have the most current skills required to be successful in the Fashion industry.

Students explore a personal design direction – from idea generation, design development and pattern creation through to garment construction using contemporary production techniques. The programme reflects the changes taking place in the fashion industry, recognising that traditional manufacturing bases have been relocated to low cost economics.

Our course has responded to this need with a comprehensive syllabus offering training in the most up-to-date CAD pattern and computer-aided manufacturing (CAM) technology. Our graduates are prepared for employment as fashion designers liaising with offshore production facilities, buyers, trend forecasters, visual merchandisers, or any other role that requires the application of creative design supported by technical and business knowledge.

Progression

Holders of this qualification may wish to pursue postgraduate study. Students who successfully graduate from Griffith College can choose postgraduate study options which include specialist areas of study leading to a Master of Arts award.

Careers

Graduates typically find employment in the following career areas: Fashion Design, Fashion Illustration, Pattern Cutting, Fashion Forecasting, Costume Design, Fashion Buying, Fashion Journalism, Brand and Marketing, Fashion Styling, Image Consulting, Production Supervision, Garment Quality Control, Fabric & Trim Purchasing, Fashion Business.

Course Content

STAGE 1

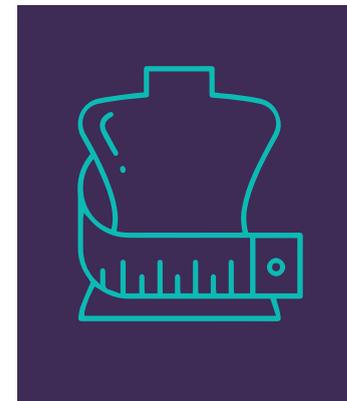

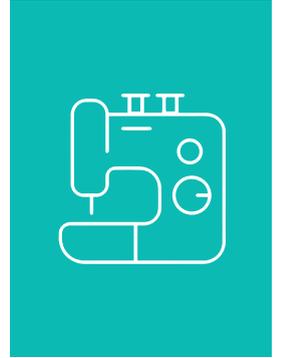

Fashion Design 1, Garment Construction 1, Design Graphics 1, The Business of Fashion, Contextual Studies for Fashion, Fashion Design 2, Garment Construction 2, Design Graphics 2, Textile Theory, Design Culture & Theory.

STAGE 2

Fashion Design 3, Garment Construction 3, Design Futures, Fashion Illustration, Brand and Marketing Fashion Design 4, Garment Construction 4, Digital Fashion Portfolio 1, Photography and Video Entrepreneurship & Business.

STAGE 3

Fashion Design 5, Garment Construction 5 Digital CAD Pattern, Business Planning for Creatives (Elective), Thesis (Elective), Fashion Design 6 Garment Construction 6, Digital CAD & CAM Pattern Digital Fashion Portfolio 2.

BA (Hons) in Graphic Communication Design*

DUBLIN

About the Course

The BA (Hons) Graphic Communication Design degree is a full-time, 3-year programme of study. Graphic Communications is one of the most rapidly changing design disciplines, demanding that the graphic designer continuously responds with creativity and ingenuity to the demands of a visually literate public whose expectations of what is possible continue to rise higher and higher. It is a continuous challenge to the designer to create innovative visual imagery.

Graphic Communication also offers students an opportunity to study modules in business and marketing. Our programme allows students to investigate up-to-the-minute tools and trends of the trade, including introductory and advanced web design, while receiving a solid foundation in the traditional practices and concepts of graphic design.

Applicants to this programme should be interested in words, pictures, ideas, problem solving, consumer culture, and business and marketing. They will need to be enthusiastic and be able to adapt to an ever changing industry.

Students will learn to engage with exciting design challenges, react to a rapidly changing industry and to develop as sensitive and intelligent designers who understand business and target markets, trends, and consumer culture.

Progression

Holders of this qualification may wish to pursue postgraduate study. Students who successfully graduate from Griffith College can choose postgraduate study options which include specialist areas of study leading to Master of Arts award disciplines.

Careers

Graduates can work in variety of areas such as: Design Consultancies, Graphic Design (branding, corporate design, identity, packaging), Design thinking, Advertising and Art direction, Web design, Multimedia & Interactive Media (games, DVDs, software applications), Broadcasting, Motion Graphics and Post-production for TV and film, Illustration and Photography, Exhibition and Environmental Design, Publishing and Promotional industries, Private practice.

Course Content

STAGE 1

Communication Design 1, Typography 1, Design Graphics 1, Illustration 1, Contextual Studies for Graphic Communication, Communication Design 2, Advertising and Editorial Photography, Design Graphics 2, Illustration 2, Design Culture & Theory.

STAGE 2

Communication Design 3, Typography 2, Design Futures, Web Design, Brand and Marketing, Communication Design 4, Interaction Design, Photography and Video, Entrepreneurship & Business.

STAGE 3

Communication Design 5, Advanced Web Design, Motion Graphics, Business Planning for Creative's (E), Thesis (E), Major Project & Exhibition, Professional Practice & Portfolio.

BA (Hons) in Interior Architecture

 DUBLIN

About the Course

The honor's degree programme has been designed in response to an increased demand from industry for honor's degree level employees with specific skills relating to Interior Architecture including spatial planning; design detailing, technologies, problem solving and visualisation techniques, and presentation skills.

Students are required to take part in in-depth research, apply knowledge of building technology and regulations, organise and manage project solutions, and communicate their designs using digital design programmes. Graduates of this programme leave with extensive experience in creating, analysing and interpreting project briefs. They will be able to problem solve complex design issues and work independently and in groups to find solutions.

Students will leave with advanced skills in space planning; design detailing, materials selection and specification. They will gain insight into the social implications of design and understand at a deeper level how design and community interact in the real world. This programme is validated by the European Council of Interior Architects (ECIA) and the Institute of Designers in Ireland (IDI).

Progression

Holders of this qualification may wish to pursue a postgraduate diploma or master's programme in Interior Architecture or related disciplines.

Careers

Interior Architecture, Interior Design, set up own practice, Film and Set Design, Retail Design/Store planning, Hospitality Design, Executive Healthcare, Project Management, Purchasing and Acquisitions, Corporate In house Design Consultant, Local Authority Architecture Division, Property Developing, Presentation and Communications Agencies, Branding and Design Development, 3D visual Presenter/stills walk-through, Interior Stylist, CAD Technician, Materials Consultant, Exhibition Designer.

Course Content

STAGE 1

Interior Spatial Projects 1, Design Graphics 1, Architectural Drafting, History of Interior Design, Ergonomics and Anthropometrics, Interior Spatial Projects 2, Computer Aided Design, Building Regulations, Materials and Finishes, Design Culture and Theory.

STAGE 2

Interior Spatial Projects 3, Introduction BIM, Furniture & Fittings, Visual Culture & Theory 2, Brand & Marketing, Interior Spatial Projects 4, BIM 3D Modelling, Building Construction, Lighting Design, Entrepreneurship & Business.

STAGE 3

Interior Spatial Projects 5, BIM Collaboration, Conservation of Interior Environments, Thesis, Interior Spatial Projects 6, 3D Visualisation, Green Design & Sustainability, Materials Science & Structural Mechanics, Business Practice Management.

BA in Interior Design

DUBLIN

About the Course

This three year level 7 degree can be taken as a fulltime or evening access programme (all candidates for the evening access programme should be 23 years or older). This course takes the student from initiation through to successful completion of project work, to produce a graduate who can create, design, problem solve and act professionally in all related working environments.

Successful graduates are industry ready, proficient creatively and technically to propose innovative solutions and problem solving expertise within the built environment.

Similar with the honours degree, this programme has been created with consultation from industry professionals and is staffed by practicing Designers, Architects and subject specialists to current best practice within industry and approved by QQI. The programme now includes Revit, AutoCAD 3-D, AutoCAD, as well as traditional communication tools such as model making and free-hand drawing.

Progression

Graduates may progress to the final year of the QQI BA (Hons) in Interior Architecture programme upon achieving the necessary results.

Careers

Interior Designer, Interior Decorator, Film and Set Design, Retail Design, Hospitality Design, Domestic Design, Healthcare Design, Interior Stylist, Draughtsperson / CAD Technician, Branding and Design Development, 3D Visual Presenter/Stills Walk-through, Interior Stylist, Materials Consultant, Exhibition Designer.

Course Content

STAGE 1

Creative Studio Projects 1, 2D Free Hand Drawing Techniques, Digital Design Tools 1, Design Principles, Creative Studio Projects 2, 3D Free Hand Drawing Techniques, Digital Design Tools 2, Visual Culture & Theory.

STAGE 2

Interior Spatial Projects 1, Design Graphics 1, Architectural Drafting, History of Interior Design, Ergonomics and Anthropometrics, Interior Spatial Projects 2, Computer Aided Design, Building Regulations, Materials and Finishes, Design Culture and Theory.

STAGE 3

Interior Spatial Projects 3, Introduction to BIM, Furniture and Fittings, Design Futures, Brand and Marketing, Interior Spatial Projects 4, BIM 3D Modelling, Building Construction, Lighting Design, Entrepreneurship and Business.

Diploma in Interior Design (Griffith College)

DUBLIN

About the Course

This two year diploma can be taken as a full-time or evening access course. Students may apply for the course who have indicated a desire to enter the profession but who may not have had exposure or enjoy a related background. Students are immediately engaged with the principles of design; they pursue various communication techniques allowing them to present their work in a clear and confident manner.

Created to meet current best practice in industry, modules in branding and visual merchandising now complement those of building regulations, health and safety, and furniture and lighting design.

Graduates will have the skills to produce creative and technically proficient interior designs, which may be explained digitally, by hand or in 3 dimensions. Those who complete the two year diploma are prepared to continue on in their studies or to seek employment in the interior design industry with a view to setting up their own business.

Progression

The Diploma in Interior Design is a stepping stone to further study or a goal in itself. The first two years resulting in a Diploma in Interior Design are common taught to the BA in Interior Design (Level 7). Upon successful completion of Year 2, students may proceed directly to Year 3 of the Level 7 course. If they wish to continue after successfully completing their Level 7 degree, they may apply for entry onto the fourth year of the BA (Hons) Interior Architecture course.

This diploma is validated by Griffith College Dublin and is recognised by the Institute of Designers in Ireland (the IDI). Students who successfully complete the diploma may apply for Associate Membership. All individual modules on the programme are also individually certified by QQI.

BA in Animation

DUBLIN

Delivered in association with Pulse College

Griffith college is very excited to partner with Pulse College to deliver this unique and industry focused BA in Animation. The course is developed and taught by practising industry professionals to ensure that you receive the very highest levels of training. A key part of the course involves producing a portfolio of work that will help you get into the exciting and growing animation industry, both in Ireland and internationally.

Studying at Griffith College will introduce you to valuable, professional work-flows, and teach you all aspects of the animation pipeline, from concept through to post-production. Practical experience is as essential element of our unique programme.

There are 20 hours per week in class, Monday to Friday, with study spaces and extra tutoring available to practise and refine your skills.

About the Course

This course covers the full range of topics, from Life Drawing, to Storyboarding, Narrative and Storytelling, 3D Character Modeling, Texturing, Rigging and Animation, Animating for Games, Sequential Art and Comic Books, and Audio Production.

A key aspect of this course is to produce a portfolio of work over the duration of this course that will help you to break into the dynamic and creative animation industry.

During the course, you will learn about:

- Animating in both 2D and 3D
- Character design and development
- How to add colour and texture to 3D Models
- Creating a skeleton to move your characters
- Making your character move
- Developing storyboards for animation
- Camera and lighting effects, and compositing and editing
- Life Drawing
- Comic Books and Sequential Art
- Modelling and Animation for Video Games

Course Content

STAGE 1

Animation History and Theory, 3D Animation Studio 1, Life Drawing, Visual Culture and Theory 1, 2D Animation Studio 1, 3D Animation Studio 2, Storyboarding and Layout, Texturing and Unwrapping.

STAGE 2

Animation Studio 3, Life Drawing for Animation, Visual Culture and Theory 2, Brand and Marketing, Animation Studio 4, Narrative and Storytelling, Sequential Art Design and Production, Entrepreneurship and Business.

STAGE 3

Animation Studio 5, Videogames Tools and Environments, Audio Production, Major Project, Research and Critical Evaluation.

Certificate in Art & Design

DUBLIN

About the Course

The purpose of this award is to equip a student with the knowledge, skill and competence to develop an analytical and methodical approach to designing and developing designs. It is also to introduce a student to a broad range of design disciplines before choosing their pathway in Interior Design/ Architecture, Fashion & Textiles, Graphic design & Illustration and Animation.

It also allows students a pathway onto a level 8 award within the Design faculty. The key abilities which contribute to successful individual participation on the course have been identified as: creativity in design; competence in communication in a variety of media; an ability to draw; technical understanding; and organisation.

Candidates are expected to have a keen interest in: the cultural and social factors in design; creative expression and innovation; and to have a capacity for both independent work and teamwork.

Progression

Students who complete this course can progress onto Stage 1 of the BA (Hons) in Fashion Design, the BA (Hons) in Interior Architecture, BA (Hons) in Animation or the BA (Hons) in Visual Communications Design.

Course Content

STAGE 1

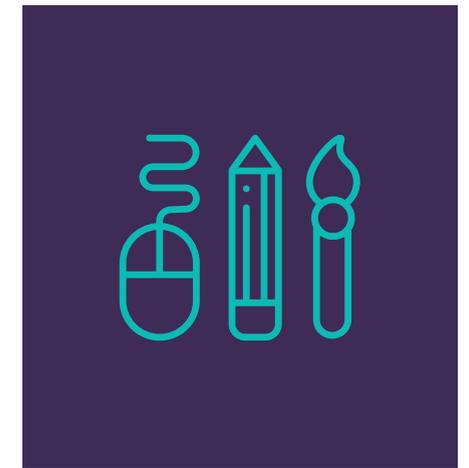

Semester I: Creative Studio Projects 1, 2D Free Hand Drawing Techniques, Digital Design Tools 1, Design Principles.

Semester II: Creative Studio Projects 2, 3D Free Hand Drawing Techniques, Digital Design Tools 2, Visual Culture & Theory.

Apply direct: www.griffith.ie
Course duration: Full-Time 1 year
Award Level: Level 6
Validated by: QQI

“The Art and Design Certificate is the best option in my opinion for students coming straight from the Leaving Certificate. Whether you like fashion, interiors, fine art, or even photography. I got the opportunity to find out what I love and what I dislike. The certificate is a perfect stepping stone as you have the option to finish with a level 6 or advance on to a level 7 or 8 in whichever field you desire.”

Best Bits of Pharmaceutical Science

The Griffith Innopharma faculty of Pharmaceutical Science is Ireland's leading, industry-linked education programme, suited to any student seeking to start or grow a career in the pharmaceutical industry.

1

All Griffith Innopharma programmes lead to accredited awards with each programme providing strong scientific content, practical application, business context and professional development.

Ireland is recognised globally as a leading centre for clinical research and pharmaceutical development. Many leading contract research organisations (CROs) have significant operations here in Ireland, and thousands are employed in the provision of clinical trial expertise.

4

With 19 of the world's top 20 pharma companies in Ireland and 5 out of 8 of the world's top selling drugs produced in Ireland, it is the largest net exporter of pharmaceuticals. 18 of the world's top 25 medtech companies also have a base in Ireland. Together the pharma and medtech industries employ over 50,000 people in Ireland and are expected to enjoy strong growth in the coming years.

3

“ I completed the BA Honour Degree in Pharmaceutical Business Operations. I already work for the pharmaceutical industry. I am a Master Data Analyst at Allergan. For me, it was incredible, in terms of the technology available to do the class online. ”

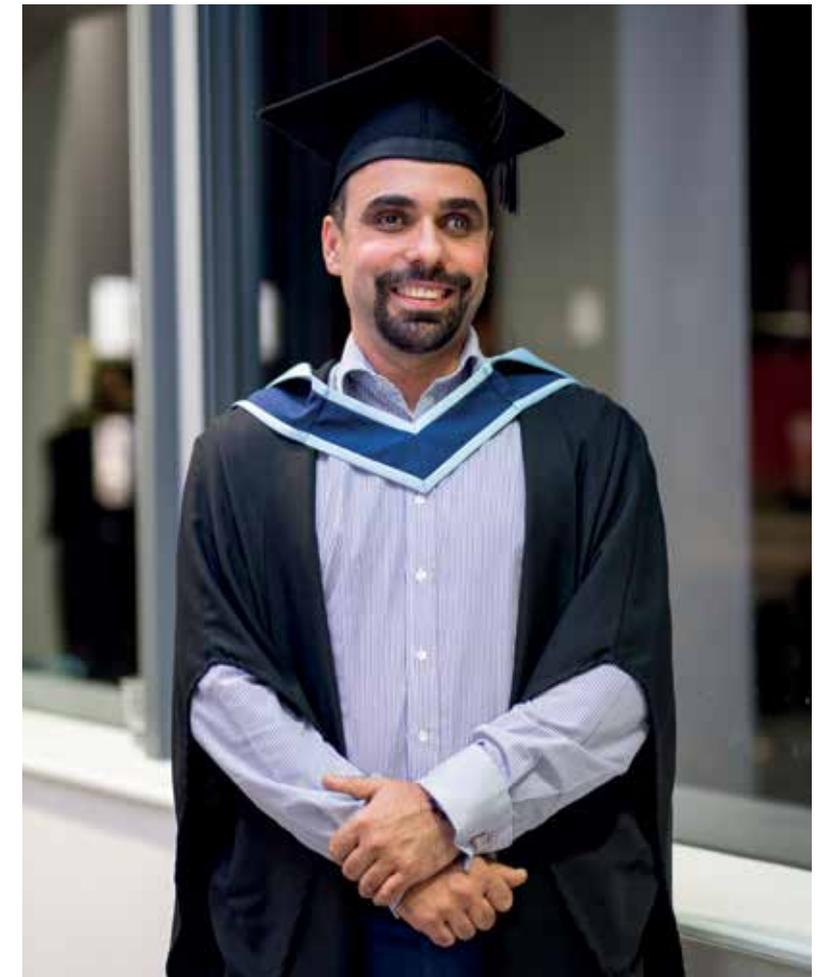

Valter da Silva, BA in Pharmaceutical Business Operations Graduate.

Griffith Innopharma Faculty of Pharmaceutical Science

Innopharma Education works at the forefront of high-tech manufacturing, advancing skills and capabilities across the pharmaceutical, food science and medtech industries. Our approach to education is designed to fit with those who are working full-time, with part time lectures and a comprehensive online offering, helping people to study as they work and achieve their long term career goals.

Innopharma Education has grown to become one of the top institutions in Ireland delivering world recognised qualifications up to Masters' degree level. All our education programmes are developed with your career advancement in mind, consisting of a unique blend of industry focused modules and practical workshops.

Many of our lecturers have extensive experience in industry and engage in a high level of coaching and mentoring with students. Innopharma Education programmes, are the number one choice for graduates and experienced professionals seeking to upskill and advance their careers in the pharmaceutical, medtech and food science sectors.

BA (Hons) in Pharmaceutical Business Operations

DUBLIN

About the Course

This Honours Degree (NFQ Level 8) is suitable for those who wish to develop their career or make a new career move in the areas of pharmaceutical operations, compliance, business improvement, technology transfer, validation and clinical trials.

With extensive input and participation from professionals working in the pharmaceutical and clinical trial sectors, this programme will give you the skills advantage you need for a rewarding high-tech manufacturing role in the industry.

All classes are broadcast live using an online training platform, offering the learners the opportunity to either physically attend or join the class online. All classes are recorded also allowing learners the opportunity to view later and support revision.

A substantial focus of the programme will also develop the professional skills of the graduate to enhance their career opportunities through development of their CV's, interview skills, and their networking, presentation and communication skills.

Progression

The options for further study upon successful completion of this course could include progression to the following Master's programmes,

- MSc in Pharmaceutical Business & Technology
- PGDip in Medical Device Technology & Business

Careers

Potential Roles include; Manufacturing Supervisor/ Manager, Supply Chain Planner, Clinical Trials Coordinator, Business Development Specialist, Lean and Six Sigma Specialist, Compliance Specialist, Process Improvement Specialist, Project Co-ordinator, Pharmaceutical Operations.

Course Entry Requirements

The primary target audience are those with a minimum qualification of Certificate at NFQ Level 7 or higher in Science, Engineering, Quality or related discipline.

Course Content

- Pharmaceutical Quality Management Systems
- Clinical Research
- Pharmaceutical Manufacturing & Distribution
- Project Planning & Finance
- Strategic Management
- Professional & Technical Communications

BA in Pharmaceutical Business Operations

DUBLIN

NFQ Level 7

This ten month programme focuses on core competencies such as Pharmaceutical Business, Pharmaceutical Manufacturing, Regulatory Affairs, Data Analysis, Business Improvement (Lean Sigma), Clinical Research Coordination, Data Processing and Project Co-ordination.

All classes are broadcast live using an online training platform, offering the learners the opportunity to either physically attend or join the class online. All classes are also recorded allowing learners the opportunity to view later and support revision.

A substantial focus of the programme will also develop the professional skills of the graduate to enhance their career opportunities through development of their CV's, interview skills, and their networking, presentation and communication skills.

Progression

The option for further study upon successful completion of this course is the Level 8 Honours Degree in Pharmaceutical Business Operations.

Students can also choose to enroll for the full Level 8 BA Honours degree by applying for the full 2 year programme.

Careers

Potential Roles include: Manufacturing Supervisor/ Manager, Compliance Specialists, Business Improvement Specialist, Quality Assurance, Clinical Trial Co-ordination, Data Specialist, Data Analyst, Business Analyst, Reporting Analyst.

Apply direct:
www.innopharmaeducation.com
Course duration: **This is a two semester programme delivered two evenings per week and two Saturdays per month**
Delivery: **Classroom / Broadcast Live**
Award Level: **Level 7**
Validated by: **QQI**

Course Entry Requirements

The primary target audience is those with a minimum qualification of Certificate at NFQ Level 6 or higher in Science, Engineering, Quality or related discipline.

Course Content

- Pharmaceutical Manufacturing
- Management & Organisational Behaviour
- Operations Management
- Regulatory Affairs & Validation
- Operations Excellence - Lean Sigma
- Control Systems & Real Time Analytics
- Clinical Research Co-Ordination
- Career Progression

Engineering

“

Engineering is too important
to wait for science. ”

Benoît Mandelbrot

Why Griffith College?

Smaller classes guarantee individualised attention

Only college offering an Industrial Engineering Degree in Ireland

Industry links

Excellent reputation

Delivered in Dublin and Limerick campus

Industry Recognition

This course was developed by IISE (Institute of Industrial and Systems Engineering) with Griffith College. There was extensive research into the requirements for Industrial Engineering within the industry. It was also developed with some of our partners in the Industry (Intel, ESB, Syker, Amazon and others).

“ This degree is designed to prepare learners for a functional industrial engineering role. To facilitate making the best use of resources, they will be equipped to systematically record and critically examine existing and proposed methods of performing work and to make decisions concerning the best use of people, material, equipment and energy in achieving organizational goals. These are critical skills, especially where resources are scarce. In summary this degree is designed to equip engineers with key skills that will allow them to improve the efficiency, productivity and profitability of their organisations. ”

President of IISE, Jim O’Sullivan

About the Course

The QQI Level 7 Bachelor of Engineering (B.Eng) in Industrial Engineering aims to teach participants how to analyse and improve any business processes and determine the best use of resources. This programme is available on a part-time basis with a flexible schedule.

This course prepares the learner to meet the growing demands and complexities of modern-day organisations. It provides the key competences in the area of Industrial Engineering. These skills are vital for the effective management and efficient organization of all national and international organisations. Industrial Engineering encompasses the management skills needed for strategic planning to protect and advance the objectives of the organisation. Graduates can be employed as manufacturing, process, product, Quality Assurance (QA) and sustaining engineers. Industrial engineers are prime sources of management talent.

Career Progression

Graduates of the B.Eng. in Industrial Engineering will have a good basis for professional progression in all areas of management including engineering. There is currently a need for skilled industrial engineers across all industries, such as manufacturing (traditional and modern), banking, transportation, consultancy, distribution services, the health sector, military and other areas of government.

Academic Progression

Graduates of the may be considered eligible to join related Level 8 programmes, such as Engineering and Business, depending on their particular combination of qualifications, experience and suitability.

Apply direct: www.griffith.ie
Course duration: **Part-Time 1 year**
Award Level: **Level 7**
Validated by: **QQI**

Module Content

- Industrial Engineering Principles and Work System Design
- Statistics
- Continuous Improvement Engineering and ix Sigma
- Industrial Engineering Project Management
- Professional Practice
- Industrial Engineering Finances
- Emerging Technologies
- Logistics and Supply Chain Management
- Environment and Sustainability
- Industrial Engineering Project
- Bridging Module: Work Methods & Measurement

Entry Requirements

Students must fulfil one of the following:

1. 120 ECTS in Engineering discipline and related STEM studies
2. Full completion of craft apprenticeship
3. Extensive Industry experience and relevant achievements.

“ This course transformed my career and my learning potential immediately upon completion. I started with the Level 6 in Limerick and progressed onto the Level 7. It was offered in a work friendly schedule that facilitated a work life balance. Griffith College was a great place to study and the lecturers had substantial practical experience in their field of expertise. ”

Patrick Geary
Bachelor of Engineering in Industrial Engineering

Postgraduate Courses at Griffith College

Griffith College offers a wide range of postgraduate courses in many disciplines. For further information on these courses please visit www.griffith.ie/postgraduate

Business

- MSc in International Business
- MBA in International Business
- Master of Business Administration (MBA)
- MSc in International Business – Global Brand Management
- MSc in International Business – International Tourism and Hospitality Management
- MSc in International Business – International Business & Law
- MSc in Accounting & Finance Management
- MSc in International Procurement & Supply Management
- MSc in International Pharmaceutical Business Management
- Postgraduate Diploma in International Business Management
- Postgraduate Diploma in International Business & Law
- Postgraduate Diploma in Accounting & Finance Management
- Postgraduate Certificate in Business Administration

Law

- LL.M. in International Law
- LL.M. in International Commercial Law
- LL.M. in International Human Rights Law
- Postgraduate Diploma in International Law
- Postgraduate Diploma in International Commercial Law
- Postgraduate Diploma in Human Rights Law

Computing Science

- MSc in Computing
- MSc in Big Data Management & Analytics
- MSc in Network & Information Security
- Postgraduate Diploma in Science in Computing
- Higher Diploma in Science in Computing
- Higher Diploma in Science in Web Development

Journalism & Media Communications

- MA in Journalism and Media Communications
- MA in Journalism and Public Relations
- MA in TV & Radio Journalism
- MSc in Applied Digital Media
- Postgraduate Diploma in Journalism & Media Communications
- Postgraduate Diploma in Journalism & Public Relations
- Postgraduate Diploma in TV & Radio Journalism

Griffith Conference Centre

Situated in the heart of Dublin, Griffith Conference Centre is a prime purpose-built venue situated along the scenic banks of the Grand Canal, only 2 kilometres from St. Stephen's Green.

The centre has been custom designed to provide the finest state-of-the-art facilities and the perfect environment for a successful and productive event. Griffith Conference Centre enjoys the convenience of a self-contained campus, complete with a restaurant, bar and catering facilities.

Our Conference Centre is designed for parties of 10 – 600 people, and is fitted with the latest technology including electronic blinds, electronically retractable seating systems, inbuilt PA systems, electronic overhead projectors and screens, air conditioning, retractable partition walls, in-house audio visual services, state-of-the-art lighting and sound systems, as well as a fully serviced catering operation on site. Our rooms vary in size and function, and this flexibility means that we can customise our facilities to match each client's unique requirements.

Facilities

Griffith Conference Centre can offer you venue hire for any of the following events:

- Concerts
- Exams
- Conferences
- Launches
- Conventions
- Lecture Theatre
- Ceremonies
- Presentations
- Exhibitions
- Press Events
- Filming
- Public Meetings

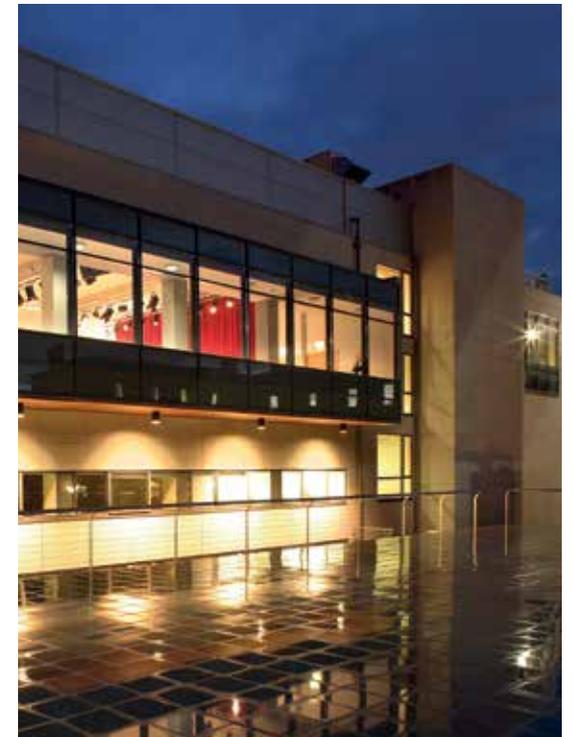

Catering

Conference Catering facilities are available on-site for your event with a wide variety of menus from finger food to Silver Service dining options. Our Conference Centre Event Planner works closely to ensure each client's unique requirements are met. Menus can be customised to meet each event's unique needs.

Information

Our state-of-the-art facilities have attracted an impressive list of clients including corporate associations, public sector bodies, performing artists and government organisations.

If you would like further information about our Conference Centre please contact the Conference Centre Office on: +353 (1) 416 3357 /4163318 or email: griffithconferencecentre@griffith.ie
