What is a meal plan?

A meal plan is a pre paid account for your on campus meals. The card will allow students to purchase any items from the catering facility 7 days per week with ease without the need for cash. Meal plan cards give students more value for money as if you pre-purchase, you get a discount allowing you to save money over the semester.

What are the advantages of having a meal plan?

- No need for cooking or clean up after a meal (that's enough in itself!)
- The wide variety of meal options makes healthy eating affordable & easy
- An array of food awaits students with any food preference
- You will not have to venture off campus to find food or rely on fast food

NB Please discuss any dietary needs you may have and we will be happy to assist

Meal Plan FAQ's

Where do I eat my meals?

Meals can be eaten in Urban Square Restaurant (on the campus dining facility). Meals can also be redeemed as take away, and consumed in the comfort of your residence.

What constitutes a meal?

The card is for any purchase in the restaurant on site and is not limited to day, offer, time or service.

How long are meal plan cards valid for?

Meal plan cards are valid for the duration of the semester they are purchased for. They are valid during exam time, study breaks and mid term breaks. However meal plan cards do not 'roll over' from semester to semester. It is important to select a meal plan based on your academic schedule and desired eating pattern in order to get the greatest value.

How do I sign up to a meal plan?

Once you are registered with Griffith College Dublin and/or have received confirmation of your accommodation at Griffith Halls of Residence, contact us to register for a meal plan:

E: griffithcollege@mountcharles.com

or
