

Turnstile Registration

Please ensure you register for the turnstile as early as possible. Please be mindful that the main gates of the campus close at 11pm and your access could be hindered if you are not registered on the turnstile and return after this time.

Turnstile registration is officiated by our security team who can be found on entrance to the campus in between the main gates. Please ensure you bring your personal photo ID – student card, passport, driving licence etc. when registering. You must be registered in GHR with your completed check-in procedure done with your photo taken to prior to registering for the turnstile.

The turnstile operates from 11pm until 7am using a biometric hand print unique to all GHR community members.

The turnstile is used by one community member at a time.
