Griffith College is an equal opportunities employer

All candidates applying for teaching posts must undergo a mock lecture before being interviewed; they may be asked demonstrate ability via portfolio.

Required Qualifications

Candidates will be expected to have a Level 9 Qualification or equivalent in Interior Architecture or a cognate discipline; proven teaching excellence and ability to support curriculum development; demonstrated leadership and problem solving skills; excellent interpersonal skills; and the ability to build relations and to work collaboratively. Membership of a Professional body and any record of research, scholarship and publications are an advantage.

Successful applicants should have the following attributes:

- Recent proven teaching excellence, an ability to support curriculum development and excellent communication skills
- Demonstrated leadership and problem solving skills;
- Excellent interpersonal skills; and the ability to build relations and to work collaboratively.
- A keen interest in Building Construction, a broad knowledge of the topic and experience in commercial and residential interior design and architecture projects.
- To design, develop and produce learning and teaching material and deliver the module At level 7 & 8 Interior Architecture programmes.
- Lecturers will ensure the efficient and effective delivery of teaching programmes in accordance with the College strategy, policy and procedures, contribute to activities which influence leading edge practice and may also undertake research activity.
- Have experience of working in a positive, flexible manner.
- Willing to arrange student trips and site visits.
- Have experience of openly exchanging information and supporting colleagues
- Have an understanding and be able to demonstrate a commitment to Equal Opportunities and Diversity.

Building Construction Module

Cohort: Full Time Cohort/ Part Time Cohort

ECTS Credits: 5

Stage: 3

Semester: 2

Contact Hours: 24 (2 hours per week) Full Time Cohort/ 24 (2 hours per week) Part Time Cohort

This module presents traditional and modern elements of building construction considering the use of materials, services and building techniques in new and existing buildings. They will learn to apply basic requirements of the Building Regulations, best practice ergonomic and accessible design, Health and Safety and other legislation to the design of construction details. They will communicate Interior construction design detailing effectively in drawings and notation. They will be introduced to detailed knowledge of the design, construction and specification of Interiors including development and detailing.

Guidelines for Mock Lecture

As part of the interview process, candidates are required to give a 10-15 minute mock lecture, regarding the interview panel as students.

The lecture should cover an item (or items) of the candidate's choice from an existing (or proposed) course offered by the Faculty or Department.

The candidate is free to use whatever medium and teaching aids are appropriate, including laptop and projector, but is encouraged to use new technology.

The lecture should not be the first lecture in a course, nor should it be an overview of a course.

The lecture will focus on explaining a particular aspect of the course to students who are unfamiliar with the topic.

The lecturer should begin by outlining any previous information that the students are expected to know (e.g. "I'm assuming you know how to which we covered last week").

Questions will be asked of the lecturer, either during or after the lecture.
