

Opening your Zoom Exam Link

APRIL 2020

(1) You will be emailed a link to the Exam Zoom Room.

If you have not used Zoom before you may be prompted to download Zoom. This does not usually take very long at all.

(2) Give yourself a time before the exam to [try testing a Zoom link](#) by yourself, on the Zoom website. But not on the day or morning of your first exam. This is just a test, to see if you have downloaded Zoom and it's working for you.
