We are looking for a graduate to assist with the creation of a marketing suite for a new commercial property being built in Dublin. We are looking for somebody to create a number of exterior & interior visuals of a concept, which we have to present on Wednesday 1st Sept.

We are working on a 3D model right now but we'll need help when it comes to rendering visuals.

This is initially a 1-month contract but may potentially lead to a full time contract.

Please send your CV to [sean@thinkdesign.ie](mailto:sean@thinkdesign.ie)
