

Financial Consultant Training Programme

FDC Financial Services
Cork City, County Cork, Ireland
Contract | Full Time

Our Training Academy Programme

If you are interested in building a career with one of Ireland's most progressive advisory firms, we would love to hear from you.

The FDC Financial Consultant-Training Academy is a robust 12 month, **earn as you learn**, opportunity.

The programme will be a blend of academic tuition which will lead to a Level 7 Professional Diploma in Financial Advice (QFA) and expert on the job training.

While earning a competitive salary, each apprentice will, on a rotational basis, be based in one of FDC's network of offices and have a dedicated mentor for the duration of the course.

Successful graduates of the programme will obtain a permanent position as a Financial Consultant in one of our many offices throughout Ireland.

At **FDC** we build long-term financial planning relationships with our clients. We put them first, organise their finances, and help them along the way, sharing in their triumphs and their hard times.

The Training/Role:

Our objective is to provide practical training and knowledge to all trainees, so they are fully proficient to begin their career within the company

- This programme will run over an 12 month period.
- Whilst undertaking this training programme, each apprentice will also complete their QFA exams and will receive full support for this.
- 6 QFA Modules and exams in total
 - Life Assurance
 - Loans
 - Financial Regulation
 - Pensions
 - Investments
 - Financial Planning
- The programme will be a mixture of classroom based learning and, on the job training where each trainee will, on a rotational basis, be based in one of FDC's network of offices and have a dedicated mentor for the duration of the course.
- Trainees will learn technical knowledge, logistical structures and systems as well as behavioural awareness and techniques.
