

# [KI] Kelly Interiors

## **Kitchen Designer**

Our market is the higher end of kitchens, but we also make stand-alone units, bedroom furniture etc. Currently seeking a designer that would be based in our showroom in Naas and would design kitchens for us.

The role would also involve:

- Meeting any walk in customers to the showroom , however we try to get customers to make an appointment with the sales team
- We use ArticaD which is an easy to use kitchen design package (training can be provided for the right candidate)
- We need someone who is good with colours and general room design

You can find more information about us at [www.kellyinteriors.ie](http://www.kellyinteriors.ie)

Please send your CV to Kevin Kelly at [kevin@kellyinteriors.ie](mailto:kevin@kellyinteriors.ie)
