## Experience Vietnam

From the bustling scooter-filled streets of Ho Chi Minh City, to the world's largest cave at Son Duong, Vietnam is quickly establishing itself as a major center of development in South East Asia. From the five-star beach resorts of Phu Quoc to the world famous street food of Hanoi, there's just too much in Vietnam to experience on a simple vacation. This is why teaching English in Vietnam is a wonderful experience for post-graduation or as a potential gateway into an entirely new career.

Teachers from all walks of life are shown great respect in Vietnam, and this, coupled with the country's major push to improve English in all areas, ensures that Vietnam is a country in which new teachers can have the best possible start, while experienced teachers can find the desire for education they have been looking for.

Established in 1972 in Italy, Wall Street English has now grown to over 400 centers in over 28 countries around the globe. With a modern approach to learning English and state of the art facilities and materials, Wall Street English provides everything a new or experienced teacher needs in order to both teach English confidently and progress within the ESL industry.

Opening in Vietnam in 2013, WSE has continued to push the envelope here in Ho Chi Minh City when it comes to both the education and service provided to our students. Now with seven centers and over seven thousand students we are proud to call ourselves the best school for adult learning English in Vietnam. In addition, we are planning to expand with an additional 20 centers over the next 3 years.
