

Student Testimonials

“Griffith College really helped me gain the initial confidence and experience I needed to become comfortable with being on air, as a radio DJ/Presenter.

The lectures were really helpful, and for me the small classes allowed me to ask questions and get to know my lecturers.

I really credit Griffith College for helping me to get started with my media career by providing the learning, confidence building and experience I needed to further my media career.”

Red FM Presenter Isabel Bartak-Healy
BA in Journalism and now on Red FM

“I had a great time at Griffith, which has provided just what I need to get me into the career I want in finance.

There was great camaraderie in the class and the lecturers were very informed and helpful.”
